## SUMMARY

Summaries are made up of disclosure requirements known as “Elements”. These elements are numbered in Sections A – E (A.1 – E.7).

<b>Element</b>	<b>Disclosure requirement</b>
<b>B.1</b>	<b>Legal and commercial name of the Issuer:</b> Landwirtschaftliche Rentenbank (“Rentenbank” or the “Issuer”)
<b>B.2</b>	<b>Domicile, legal form, legislation and country of incorporation:</b> Landwirtschaftliche Rentenbank is a federal public law institution with legal capacity, domicile in the Federal Republic of Germany. It was established on 1st June, 1949 by virtue of the Law Governing Landwirtschaftliche Rentenbank of 11th May, 1949 (the “Rentenbank Law”).  In its capacity as a statutory institution, the Issuer benefits from the “ <i>Anstaltslast</i> ”, or institutional liability, of the Federal Republic of Germany and is exempt from German corporate income tax and trade tax.  The registered office of the Issuer is located at Hochstrasse 2, 60313 Frankfurt / Main, Federal Republic of Germany.
<b>B.4b</b>	<b>Known trends:</b> As a result of the global financial crisis, the international capital markets continue to be volatile and market conditions may further deteriorate. This may impact the Issuer’s ability to raise debt in a similar manner, and at a similar cost, to the funding raised in the past.

Furthermore, concerns about credit risk (including that of sovereigns) and the Euro-zone crisis have recently intensified. Against the background of planned regulatory changes in Europe, in particular in connection with the implementation of Basel III in the European Union (CRD IV/CRR), the German Federal Cabinet decided on 22nd August, 2012 to introduce a draft bill to the German Parliament amending the Rentenbank Law, which passed the German Parliament (Deutscher Bundestag) on 16th May, 2013. If enacted, the proposed bill will establish, in addition to the existing institutional liability (*Anstaltslast*), a government guaranty for the obligations of the Issuer. Subject to completion on the legislative procedure the guarantee will come into effect on 1st January, 2014.

## Section D – Risks

An investment in the Notes involves certain risks relating to the Issuer and the Notes. While all of these risk factors are contingencies which may or may not occur, potential investors should be aware that the risks involved with investing in any Notes may (i) affect the ability of the Issuer to fulfil its obligations under Notes issued under the Programme and/or (ii) lead to a volatility and/or decrease in the market value of the relevant Notes whereby the market value falls short of the expectations (financial or otherwise) of an investor upon making an investment in such Notes.

<b>Element</b>	<b>Disclosure requirement</b>
----------------	-------------------------------

<b>D.2</b>	<b>Key information on the key risks that are specific to the Issuer:</b>	While the Issuer's business consists almost entirely in issuing loans to other financial institutions, it is subject to the risk that borrowers and other contractual partners may become unable to meet their obligations to the Issuer. Disruptions recently experienced in the international capital markets as a result of the global financial crisis and the Euro-zone debt crisis may result in a reduction of available financing. In addition, there will be risk associated with changes in interest rates and foreign exchange rates. The Issuer's credit ratings may be lowered or withdrawn by the relevant rating agencies.
------------	--	---

<b>D.3</b>	<b>Key information on the key risks that are specific to the debt securities:</b>	<p><i>Risks Relating to Notes Generally</i></p> <p>Prospective investors in the Notes are exposed to certain risks associated with investment in the Notes. This includes the fact that the Notes may not be a suitable investment for all investors. In addition, there can be no assurance given that there will be a market for any Notes. An investment in the Notes may involve exchange rate risks. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. The Notes may be modified or waived subject to defined majority voting provisions that are binding on all the Noteholders. The investment activities of certain investors are restricted by applicable legal investment laws and regulations by certain authorities. As Notes in global form are held by or on behalf of certain clearing systems, investors will have to rely on their procedures for transfer, payment and communication with the Issuer.</p>
------------	---	---

*Risks Relating to the Structure of a Particular Issue of Notes*

In addition, prospective investors in the Notes are exposed to certain risks associated with the structure of a particular issue of Notes.

[Insert in case of Fixed Rate Notes – A holder of Fixed Rate Notes is exposed to the risk that the price of such Notes falls as a result of changes in the market interest rate.]

[Insert in case of Floating Rate Notes – Due to varying interest income, Noteholders are not able to determine a definite yield of floating rate Notes at the time they purchase them.

In case of Floating Rate Notes which include Minimum or Maximum Rates of Interest, or a combination of those features the market value may be more volatile than the market value for Floating Rate Notes that do not include these features. The effect of a Maximum Rate of Interest is that the amount of interest will never rise above the predetermined Maximum Rate of Interest, so that a Holder will not be able to benefit from any actual favourable development beyond the Maximum Rate of Interest.]

[Insert in case of Zero Coupon Notes – Changes in market interest rates have a substantially stronger impact on the prices of zero

coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par, which is due to the discounting.]

[*Insert in case of Subordinated Notes* – The Issuer’s obligations under the Notes will be unsecured and subordinated and will rank junior in priority of payment to unsubordinated obligations.]

[*Insert in case of Notes with Call Option* – The Issuer has the right to redeem the Notes prior to maturity, a feature that is likely to limit such Notes’ market value and expose investors to certain reinvestment risks.]

A holder of a Note denominated in a foreign currency is exposed to the risk of changes in currency exchange rates which may affect the yield of such Notes. Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its (or if it is acquiring the Notes in a fiduciary capacity, the beneficiary’s) financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it (whether acquiring the Notes as principal or in a fiduciary capacity) and is a fit, proper and suitable investment for it (or if it is acquiring the Notes in a fiduciary capacity, for the beneficiary), notwithstanding the clear and substantial risks inherent in investing in or holding Notes.

#### Section E – The Offer

<b>Element</b>	<b>Disclosure requirement</b>	
<b>E.2b</b>	<b>Reasons for the offer and use of proceeds:</b>	The net proceeds from each issue of Notes will be applied by the Issuer for its general corporate purposes.
<b>E.3</b>	<b>A description of the terms and conditions of the offer:</b>	<p>The offer price of the Notes is equal to [the issue price][            ].</p> <p>[The offer period commences on [            ] and ends on [            ].]</p> <p>The minimum subscription amount is [            ].]</p> <p>The maximum subscription amount is [            ].]</p> <p>[Categories of potential investors to which the Notes are offered: [Offers or solicitations may be made by the [Dealer][Managers] [and/or the Financial Intermediaries] in [            ] during the offer period set out above to any person.]. No offer or solicitation in respect of the Notes shall be made by the [Dealer][Managers] [and/or the Financial Intermediaries] except pursuant to an exemption from the obligation under the Prospectus Directive as implemented in such countries to publish a prospectus (a) in any other Member State of the European Economic Area or (b) after the Offer Period set out above has ended.]]</p>
<b>E.4</b>	<b>Interest material to the offer including conflicting interests:</b>	<p>The Issuer is not aware of any interest(s) material to issues of Notes under the Programme, other than any fees payable to the [Dealer][Managers] acting as underwriter(s) and/or Stabilising Manager(s) of issues of Notes.</p> <p>Certain of the Dealers and their affiliates may be customers of, borrowers from or creditors of the Issuer. In addition, certain of the Dealers and their affiliates have engaged, and may in the future</p>

engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and its affiliates in the ordinary course of business.

**E.7**            **Estimated expenses charged to the investor:**    [The estimated expenses charged to investors amount to [            ]/[Not applicable – there are no expenses charged to the investor by the Issuer [or the offeror]].

**Abschnitt B – Die Emittentin**

<b>Punkt</b>	<b>Geforderte Angaben</b>	
<b>B.1</b>	<b>Juristischer und kommerzieller Name des Emittenten:</b>	Landwirtschaftliche Rentenbank (“Rentenbank” oder “die Emittentin”)
<b>B.2</b>	<b>Sitz, Rechtsform, geltendes Recht und Land der Gründung:</b>	Die Landwirtschaftliche Rentenbank ist eine bundesunmittelbare rechtsfähige Anstalt des öffentlichen Rechts mit Sitz in der Bundesrepublik Deutschland.

Sie wurde am 1. Juni 1949 mit der Verabschiedung des Gesetzes über die Landwirtschaftliche Rentenbank vom 11. Mai 1949 gegründet.

In ihrer Eigenschaft als Anstalt des öffentlichen Rechts profitiert die Emittentin von der Anstaltslast der Bundesrepublik Deutschland und ist von der Körperschaftssteuer und der Gewerbesteuer befreit.

Sitz der Emittentin ist Hochstraße 2, 60313 Frankfurt / Main, Bundesrepublik Deutschland.

- B.4b Bekannte Trends:** Aufgrund der weltweiten Finanzkrise sind die internationalen Kapitalmärkte nach wie vor unbeständig und die Marktbedingungen könnten sich weiter verschlechtern. Dies könnte sich auf die Möglichkeiten der Emittentin auswirken, Fremdkapital zu vergleichbaren Bedingungen und Kosten wie in der Vergangenheit zu erlangen.
- Des Weiteren haben sich die Besorgnisse im Hinblick auf die Kreditrisiken (einschließlich der Kreditrisiken von Staaten) und die Krise der Eurozone in der letzten Zeit verschärft. Die immensen Staatsschulden und/oder steuerlichen Defizite einiger europäischer Länder und der USA haben Besorgnisse erregt hinsichtlich der Finanzlage von Finanzinstituten, Versicherern und anderen Unternehmen, die (i) in diesen Ländern ansässig sind, (ii) einem direkten oder indirekten Einfluss durch diese Länder ausgesetzt sind, und/oder deren Banken, Vertragspartner, Kunden, Dienstleister, Kapitalgeber und/oder Zulieferer einem direkten oder indirekten Einfluss durch diese Länder ausgesetzt sind.
- Vor dem Hintergrund der in Europa geplanten regulativen Änderungen, insbesondere hinsichtlich der Umsetzung von Basel III in der Europäischen Union (CRD IV/CRR), hat die deutsche Bundesregierung am 22. August 2012 beschlossen, eine Gesetzesvorlage zur Änderung des Gesetzes über die Landwirtschaftliche Rentenbank in den Bundestag einzubringen, welche am 16. Mai 2013 vom Deutschen Bundestag verabschiedet wurde. Mit Inkrafttreten dieser Vorlage wird zusätzlich zu der bereits vorhandenen Anstaltslast eine staatliche Garantie für die Verbindlichkeiten der Emittentin eingeführt. Vorbehaltlich des noch ausstehenden Abschlusses des Gesetzgebungsverfahrens wird diese Garantie zum 1. Januar 2014 in Kraft treten.
- B.5 Beschreibung der Gruppe und der Stellung des Emittenten innerhalb dieser Gruppe:** Die Gruppe der Emittentin besteht aus (i) der Emittentin, (ii) der LR Beteiligungsgesellschaft mbH ("LRB"), einer hundertprozentigen Tochtergesellschaft der Emittentin, und der (iii) DSV Silo- und Verwaltungsgesellschaft mbH, einer hundertprozentigen Tochtergesellschaft der LRB.
- B.9 Gewinnprognosen oder -schätzungen:** Nicht anwendbar – die Emittentin hat keine Gewinnprognosen oder -schätzungen abgegeben.
- B.10 Art etwaiger Beschränkungen im Bestätigungsvermerk zu den historischen Finanzinformationen:** Nicht anwendbar – die relevanten Prüfungsberichte bezüglich der Jahresabschlüsse der Emittentin zum Ende des 31. Dezember 2011 und des 31. Dezember 2012 wurden ohne jegliche Beschränkungen ausgestellt.
- B.12 Ausgewählte wesentliche historische Finanzinformationen:** Die unten dargestellten ausgewählten Bilanzkennzahlen und die Kennzahlen zum Gesamtergebnis wurden den Konzernabschlüssen der Emittentin für die am 31. Dezember 2012 sowie am 31. Dezember 2011 endenden Geschäftsjahre entnommen, welche in den Geschäftsberichten 2012 bzw. 2011 enthalten sind. Die

Jahresabschlüsse wurden nach den Vorgaben der IFRS (International Financial Reporting Standards), in der von der Europäischen Union angenommenen Fassung, erstellt.

#### Abschnitt D – Risiken

Eine Anlage in Schuldverschreibungen bringt gewisse Risiken hinsichtlich der Emittentin und der Schuldverschreibungen mit sich. Während sämtliche dieser Risikofaktoren Sachverhalte beschreiben, die eintreten können oder nicht eintreten können, sollten sich potentielle Anleger bewusst sein, dass die mit jedem Investment in Schuldverschreibungen verbundenen Risiken (i) die Fähigkeit der Emittentin, ihre Verpflichtungen aus der Begebung von Schuldverschreibungen im Rahmen des Programms zu erfüllen, beeinträchtigen können, und/oder (ii) zu einer Volatilität und/oder Abnahme des Marktwertes der jeweiligen Schuldverschreibungen führen können, so dass der Marktwert hinter den (finanziellen oder sonstigen) Erwartungen des Anlegers im Zeitpunkt seiner Anlageentscheidung für diese Schuldverschreibungen zurückbleibt.

#### **Punkt            Geforderte Angaben**

D.2	<b>Zentrale Angaben zu den zentralen Risiken, die der Emittentin eigen sind:</b>	Die Emittentin, deren Geschäftstätigkeit weitestgehend in der Kreditvergabe an andere Finanzinstitute besteht, ist dem Risiko ausgesetzt, dass ihre Schuldner und sonstigen Vertragspartner nicht in der Lage sind, ihre Verpflichtungen gegenüber der Emittentin zu erfüllen. Zerrüttungen, wie sie jüngst in den internationalen
-----	--	--

Finanzmärkten infolge der weltweiten Finanzkrise und der Schuldenkrise in der Eurozone zu erleben waren, können zu einer Verringerung des verfügbaren Kapitals führen. Weitere Risiken bestehen im Hinblick auf Zins- und Währungskursveränderungen. Zudem können die Bewertungen der Emittentin durch die jeweiligen Ratingagenturen herabgesetzt oder zurückgenommen werden.

**D.3**      **Zentrale Angaben zu den zentralen Risiken, die den Wertpapieren eigen sind:**

*Allgemeine Risiken im Hinblick auf die Schuldverschreibungen*

Potentielle Anleger sind gewissen mit einer Anlage in Schuldverschreibungen verbundenen Risiken ausgesetzt. Dies beinhaltet, dass die Schuldverschreibungen nicht für alle Anleger die geeignete Investitionsform sein könnten. Darüber hinaus kann nicht zugesichert werden, dass es für die Schuldverschreibungen einen Handelsmarkt geben wird. Eine Anlage in die Schuldverschreibungen kann Währungskursrisiken bergen. Regierungen und Finanzbehörden können (wie in der Vergangenheit geschehen) Währungskurskontrollen auferlegen, die einen anwendbaren Währungskurs oder die Fähigkeit der Emittentin, im Hinblick auf die Schuldverschreibungen Zahlungen zu leisten, negativ beeinflussen können. Die Schuldverschreibungen können unter den, für alle Erwerber der Schuldverschreibungen verbindlichen, vorgeschriebenen Bestimmungen zu Mehrheitsbeschlüssen abgeändert oder aufgegeben werden. Die Anlageaktivitäten bestimmter Anleger unterliegen Beschränkungen, die sich aus den geltenden anwendbaren Gesetzen und Vorschriften ergeben. Da in Globalurkunden verbriefte Schuldverschreibungen von oder im Namen bestimmter Clearingsysteme gehalten werden, müssen sich die Anleger auf deren Verfahren für die Übertragung, Zahlung und Kommunikation mit der Emittentin verlassen.

*Risiken im Hinblick auf die Spezifikation der jeweils begebenen Schuldverschreibungen*

Des Weiteren sind potentielle Anleger bestimmten Risiken ausgesetzt, die mit den Spezifikationen der jeweils begebenen Schuldverschreibungen verbunden sind.

*[Im Falle von festverzinslichen Schuldverschreibungen einfügen – Ein Anleger in Schuldverschreibungen mit festem Zinssatz ist dem Risiko ausgesetzt, dass sich der Marktpreis dieser Schuldverschreibungen infolge von Veränderungen der Marktzinssätze negativ entwickelt.]*

*[Im Falle von variabel verzinslichen Schuldverschreibungen einfügen – Auf Grund der schwankenden Zinserträge können Anleger die endgültige Rendite von variabel verzinslichen Schuldverschreibungen zum Kaufzeitpunkt nicht bestimmen.]*

Im Fall von variabel verzinslichen Schuldverschreibungen, die einen minimalen oder maximalen Zinssatz oder Kombinationen daraus aufweisen, kann der Marktwert volatiler sein als bei variabel verzinslichen Schuldverschreibungen, die eine solche Komponente nicht aufweisen. Der Effekt eines maximalen Zinssatzes ist, dass der Zinsbetrag niemals den festgelegten maximalen Zinssatz übersteigen kann, so dass der Anleger nicht von positiven Entwicklungen jenseits des maximalen Zinssatzes profitieren kann.]

*[Im Falle von Nullkupon-Schuldverschreibungen einfügen – Bei Nullkupon-Schuldverschreibungen haben Veränderungen des Marktzinsniveaus wesentlich stärkere Auswirkungen auf die Kurse als bei üblichen Schuldverschreibungen, da die Emissionskurse aufgrund der Abzinsung erheblich unter dem Nennbetrag liegen.]*

[Im Falle von nachrangigen Schuldverschreibungen einfügen – Die Verpflichtungen der Emittentin aus nachrangigen Schuldverschreibungen werden unbesichert und nachrangig sein und im Rang vorrangigen Verbindlichkeiten nachgehen.]

[Im Falle von Schuldverschreibungen mit Call Option einfügen – Die Emittentin kann berechtigt sein, bestimmte Schuldverschreibungen vorzeitig zurückzuzahlen. Eine solche Maßnahme verringert wahrscheinlich den Marktwert der betreffenden Schuldverschreibungen und setzt die Anleger bestimmten Risiken hinsichtlich der Wiederanlage aus.]

Für Anleger von Schuldverschreibungen, die auf eine Fremdwährung lauten, besteht das Risiko, dass Änderungen der Wechselkurse die Rendite solcher Schuldverschreibungen beeinträchtigen können. Jeder potentielle Anleger sollte nach eigener unabhängiger Prüfung und, soweit er dies unter den gegebenen Umständen für angebracht hält, unter Hinzuziehung sachverständiger Berater entscheiden, ob ein Erwerb der Schuldverschreibungen seinen (bzw. im Falle eines treuhänderischen Erwerbs des Begünstigten) finanziellen Bedürfnissen, den Anlagezielen und Voraussetzungen entspricht, ob der Erwerb den Anlagegrundsätzen, Richtlinien und Beschränkungen, die auf den Anleger (bzw. im Falle eines treuhänderischen Erwerbs den Begünstigten) Anwendung finden, genügen, und ob die Schuldverschreibungen ungeachtet der damit verbundenen eindeutigen und erheblichen Risiken eine geeignete und angemessene Anlage für den Anleger (bzw. im Falle eines treuhänderischen Erwerbs den Begünstigten) darstellen.

### Abschnitt E – Angebot von Schuldverschreibungen

<b>Punkt</b>	<b>Geforderte Angaben</b>	
<b>E.2b</b>	<b>Gründe für das Angebot und Verwendung der Erträge:</b>	Die Nettoerträge jeder Emission von Schuldverschreibungen werden von der Emittentin verwendet für ihre allgemeinen Gesellschaftszwecke.
<b>E.3</b>	<b>Beschreibung der Bedingungen des Angebots:</b>	<p>Der Angebotspreis der Schuldverschreibungen [ist gleich der Emissionspreis][beträgt [            ].</p> <p>[Der Angebotszeitraum beginnt am [            ] und endet am [            ].]</p> <p>Der Zeichnungsbetrag beträgt mindestens [            ].]</p> <p>Der Zeichnungsbetrag beträgt höchstens [            ].]</p> <p>[Kategorien möglicher Investoren, denen die Schuldverschreibungen angeboten werden: [Angebote oder Werbung können durch die Platzeure [und/oder den Finanzintermediären] in [            ] während des oben angegebenen Angebotszeitraums gegenüber jeder Person gemacht werden. Ein Angebot der Händler [und/oder den Finanzintermediären] oder eine Aufforderung zur Abgabe eines Angebots in Bezug auf die Schuldverschreibungen ist nicht zulässig, es sei denn es basiert auf einer Befreiung von der Prospektpflicht nach der Prospektrichtlinie in der im jeweiligen Land umgesetzten Form (a) für jeden anderen Mitgliedstaat des Europäischen Wirtschaftsraums oder (b) nachdem die Zeichnungsfrist abgelaufen ist.]]</p>

- E.4 Beschreibung der für die Emission wesentlichen Interessen, einschließlich kollidierender Interessen:**
- Die Emittentin hat keinerlei Kenntnis von für die Emission unter diesem Programm wesentlichen Interessen mit Ausnahme der Gebühren, die an die Platzeure in ihrer Funktion als Emissionsbanken und/oder Stabilising Managers bei der Emission von Schuldverschreibungen zu entrichten sind.
- Einige der Platzeure und mit ihnen verbundene Unternehmen können Kunden, Kreditgeber oder Kreditnehmer der Emittentin sein. Darüber hinaus stehen einige Platzeure und mit ihnen verbunden Unternehmen in Geschäftsbeziehung mit der Emittentin (bzw. werden mit ihr in Geschäftsbeziehungen treten) in Bezug auf Investmentbankingtransaktionen und/oder sonstigen gewerblichen Banktransaktionen und können Dienstleistungen für die Emittentin im gewöhnlichen Geschäftsbetrieb erbringen.
- E.7 Schätzung der Ausgaben, die dem Anleger vom Emittenten oder Anbieter in Rechnung gestellt werden:**
- [Die geschätzten Kosten, die den Investoren in Rechnung gestellt werden, belaufen sich auf [            ]/[Nicht anwendbar – es sind keine Kosten vorhanden, die dem Investor durch die Emittentin [oder Anbieter] in Rechnung gestellt werden].

## RISK FACTORS

*In addition to the other information contained in this Base Prospectus, prospective investors should carefully consider the following factors before making any investment decisions with respect to Notes issued under the Programme. Potential investors should be aware that the risks involved with investing in any Notes may (i) affect the ability of the Issuer to fulfil its obligations under Notes issued under the Programme and/or (ii) lead to a volatility and/or decrease in the market value of the relevant Notes whereby the market value falls short of the expectations (financial or otherwise) of an investor upon making an investment in such Notes. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. The risks described below are not the only risks that the Issuer and prospective investors face. Additional risks not currently known to the Issuer may also impair the Issuer's business operations and/or its ability to repay any amounts due in respect of any of the Notes.*

*Any person proposing to make an investment decision should read all information contained in this Base Prospectus together with any applicable Final Terms and (if any) supplemental base prospectus and, if required, seek independent professional advice and consult, or review the securities with, (among others) the person's own financial, legal and tax advisers.*

### **Risks Relating to the Issuer**

#### *Credit Exposure and Increased Loan Loss Provisions*

While the Issuer's business consists almost entirely in issuing loans to other financial institutions, it is subject to the risk that borrowers and other contractual partners may become unable to meet their obligations to the Issuer. Defaults may arise from events or circumstances that are difficult to foresee or detect or have not yet been foreseen or detected. In addition, the Issuer may find that any collateral position is insufficient to cover the respective credit exposure due to, for example, market developments reducing the value of such collateral. Any default by a major borrower of the Issuer could have a material adverse effect on the Issuer's business, results of operations or financial condition.

The Issuer may have to increase its loan loss provisions in the future as a result of a rise in the number or amount of non-performing loans in its loan portfolio or as a result of applying uniform provisioning policies to the entire loan portfolio of the Issuer. Any such increases in loan loss provisions in excess of existing provisions could have a material adverse effect on the Issuer's business, results of operations and financial conditions.

#### *Interest Rate and Exchange Rate Market Risk*

There will be risks associated with changes in interest rates and foreign exchange rates. While the Issuer has implemented risk management methods to mitigate and control these and other market risks to which the Issuer is exposed, it is difficult to predict changes in economic or market conditions and to anticipate the effects that such changes could have on the Issuer's financial performance and business operations.

#### *Issuer's Credit Ratings*

Ratings of the Programme and the Issuer are not a recommendation to buy, hold or sell the Notes. The ratings may be lowered, suspended or withdrawn entirely at any time by the relevant rating agency. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. Actual or anticipated changes in the Issuer's credit ratings may affect the market value of the Notes.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays

between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

#### *Soundness of other Financial Institutions*

The Issuer's exposure to counterparties in the financial services industry in the normal course of its business is particularly significant. This exposure can arise through trading, lending, clearance and settlement and many other activities and relationships. These counterparties include brokers and dealers, commercial banks, investment banks and other institutional clients. Many of these relationships expose the Issuer to credit risk in the event of default of a counterparty or client. The insolvency of these counterparties may impair the effectiveness of the Issuer's hedging and other risk management strategies.

#### *Risks relating to the Global Financial Crisis and the Euro-zone Debt Crisis*

As a result of the global financial crisis, the international capital markets continue to be volatile and market conditions may further deteriorate. This may impact the Issuer's ability to raise debt in a similar manner, and at a similar cost, to the funding raised in the past. Challenging market conditions may result in greater volatility but also in reduced liquidity, widening of credit spreads and lack of price transparency in credit markets. Changes in investment markets, including changes in interest rates, exchange rates and returns from equity, property and other investments, may affect the financial performance of the Issuer. In addition, the financial performance of the Issuer could be adversely affected by a worsening of general economic conditions in the markets in which it operates.

Furthermore, concerns about credit risk (including that of sovereigns) and the Euro-zone crisis have recently intensified. The large sovereign debts and/or fiscal deficits of a number of European countries and the United States have raised concerns regarding the financial condition of financial institutions, insurers and other corporates (i) located in these countries, (ii) that have direct or indirect exposure to these countries, and/or (iii) whose banks, counterparties, custodians, customers, service providers, sources of funding and/or suppliers have direct or indirect exposure to these countries. The default, or a significant decline in the credit rating, of one or more sovereigns or financial institutions could cause severe stress in the financial system generally, could be detrimental to the Issuer and could adversely affect its business, operations and profitability and the ability of the Issuer to meet its obligations under the Notes and under its debt obligations more generally.

The Issuer has direct and indirect exposure to European sovereigns and to financial institutions, governmental entities, counterparties, custodians, customers and service providers within the European Union. These exposures may, in the future, be affected by restructuring of their terms, principal, interest and maturity. As a consequence, this may impact on the ability of the Issuer to access the funding it needs, or may increase the cost of such funding, which may cause it to suffer liquidity stress.

### **Risks Relating to Notes Generally**

#### *Limited Liquidity*

The fact that Notes issued under the Programme may be listed does not necessarily lead to greater liquidity. No assurance can be given that there will be a market for any Notes. If any Notes are not traded on any stock exchange, pricing information for such Notes may be more difficult to obtain, and the liquidity and market prices of such Notes may be adversely affected. The liquidity of Notes may also be affected by restriction on offers and sales of the Notes in some jurisdictions. The Issuer and the Dealers may from time to time make a market in the Notes but are under no obligation to do so and, if a market does develop, it may not continue until the maturity of all Notes.

#### *Modification and Waivers*

The Agency Agreement contains provisions for convening meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

#### *Exchange Rate Risk*

Prospective investors of the Notes should be aware that an investment in Notes may involve exchange rate risks. Notes may be denominated in a currency other than the currency of the investor's home jurisdiction; and/or Notes may be denominated in a currency other than the currency in which an investor wishes to receive funds. Exchange rates between currencies are determined by factors of supply and demand

in the international currency markets which are influenced by macroeconomic factors, speculation and central bank and government intervention (including the imposition of currency controls and restrictions). Fluctuations in exchange rates may affect the value of the Notes or the reference assets. Accordingly, only investors who understand and are able to bear the risks associated with movements in foreign exchange rates and how such movements may affect the value of Notes should consider purchasing Notes.

#### *Exchange Control*

Prospective investors of the Notes should be aware that government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

#### *Withholding under the EU Directive on the Taxation of Savings Income*

Under EC Council Directive 2003/48/EC (the “Savings Tax Directive”) on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

The European Commission has proposed certain amendments to the Savings Tax Directive which may, if implemented, amend or broaden the scope of the requirements described above.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any paying agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuer is required to maintain a paying agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Savings Tax Directive.

#### *Change in English law or Administrative Practice*

The Terms and Conditions of the Notes are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes.

#### *Denominations Not an Integral Multiple of the Specified Denomination*

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination. If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

#### *Clearing Systems*

A holder of a coownership participation or a beneficial ownership interest, as the case may be, in a Global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg, DTC or Clearstream, Frankfurt to receive payments under the relevant Notes. A holder of VP Notes must rely on the procedures of VP to receive payments under the relevant Notes, and a holder of VPS Notes must rely on the procedures of VPS to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, the coownership participations or the beneficial ownership interests, as the case may be, in Global Notes, or ownership interest in VP Notes and VPS Notes.

Holders of coownership participations or beneficial ownership interests, as the case may be, in Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be

permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg, DTC or Clearstream, Frankfurt to appoint appropriate proxies. Similarly, holders of beneficial ownership interests in Global Notes will not have a direct right under Global Notes to take enforcement action against the Issuer in the event of a default under the relevant Notes but will have to rely upon their rights under the Deed of Covenant.

## **Risks Relating to the Structure of a Particular Issue of Notes**

### *Fixed Rate Notes*

A holder of a Fixed Rate Note is exposed to the risk that the price of such Note falls as a result of changes in the market interest rate. While the nominal interest rate of a Fixed Rate Note as specified in the applicable Final Terms is fixed during the life of such Note, the current interest rate on the capital market (“market interest rate”) typically changes on a daily basis. As the market interest rate changes, the price of a Fixed Rate Note also changes, but in the opposite direction. If the market interest rate increases, the price of a Fixed Rate Note typically falls, until the yield of such Note is approximately equal to the market interest rate of comparable issues. If the market interest rate falls, the price of a Fixed Rate Note typically increases, until the yield of such Note is approximately equal to the market interest rate. Changes in the market interest rate are particularly with relevance to such holder who wants to sell the Notes prior to the maturity date or if the Notes will be redeemed prior to maturity (also by the Issuer as the case may be).

### *Floating Rate Notes*

The interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having fixed interest rates.

Floating Rate Notes may be structured to include Minimum or Maximum Rates of Interest, or a combination of those features. In such case, their market value may be more volatile than the market value for Floating Rate Notes that do not include these features. The effect of a Maximum Rate of Interest is that the amount of interest will never rise above the predetermined Maximum Rate of Interest, so that a Holder will not be able to benefit from any actual favourable development beyond the Maximum Rate of Interest. The profitability could therefore be considerably lower than that of similar Floating Rate Notes without a Maximum Rate of Interest. Neither the current nor the historical value of the relevant floating rate of interest should be taken as an indication of the future development of such floating rate of interest during the term of any Notes.

### *Zero-Coupon Notes*

Changes in market interest rates have a substantially stronger impact on the prices of zero coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, zero coupon Notes can suffer higher price losses than other Notes having the same maturity and a comparable credit rating. Hence, zero coupon Notes are a type of investment associated with a particularly high price risk.

### *Foreign Currency Notes*

A holder of Notes denominated in a foreign currency is exposed to the risk of changes in currency exchange rates which may affect the yield of such Notes. Changes in currency exchange rates result from various factors such as macro-economic factors, speculative transactions and interventions by central banks and governments.

A change in the value of any foreign currency against the Euro, for example, will result in a corresponding change in the Euro value of Notes denominated in a currency other than Euro and a corresponding change in the Euro value of interest and principal payments made in a currency other than in Euro. If on the one hand the exchange rate underlying the Notes falls and on the other hand the value of the currency of the Notes correspondingly rises, the price of the Notes and the value of interest and principal payments made thereunder falls and the redemption amount may be lower than the amount invested.

### *Subordinated Notes*

The Issuer’s obligations under Subordinated Notes will be unsecured and subordinated and will rank junior in priority of payment to unsubordinated obligations. The Subordinated Notes and the relative Receipts and Coupons constitute direct, unsecured and subordinated obligations of the Issuer and rank *pari*

*passu* among themselves and at least *pari passu* with all other present and future unsecured and subordinated obligations of the Issuer, except for those that have been accorded by law preferential rights.

The obligations of the Issuer to pay the principal amount of the Subordinated Notes are subordinated obligations of the Issuer, and the principal of the Subordinated Notes is (i) upon the commencement and during the continuation of proceedings instituted by or against the Issuer seeking to adjudicate it a bankrupt or (ii) upon the commencement of the liquidation of the Issuer, junior in right of payment from the Issuer to the prior payment in full of all other obligations of the Issuer except those obligations which by their terms rank *pari passu* with or junior to the Subordinated Notes of this Series.

#### *Notes Subject to Optional Redemption by the Issuer*

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

#### *Notes in NGN form or NSS Notes*

The NGN form for Notes in bearer form has been and the NSS for Notes in registered form is being introduced to allow for the possibility of Notes being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the central banking system for the euro (the “Eurosystem”) and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. However, in any particular case, such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time. Investors should make their own assessment as to whether the Notes meet such Eurosystem eligibility criteria.

#### *Partly Paid Notes*

The Issuer may issue Notes where the issue price is payable in more than one instalment. Failure to pay any subsequent instalment could result in an investor losing all of its investment.

#### *Notes Issued with a Minimum Denomination*

Notes may be issued with a minimum denomination. The Final Terms of a Tranche of Notes may provide that, for so long as the Notes are represented by a Global Note and Euroclear and Clearstream, Luxembourg (or other relevant clearing system) so permit, the Notes will be tradable in nominal amounts equal to, or integral multiples of, the minimum denomination.

Unless otherwise provided in the applicable Final Terms, Notes in definitive form (“Definitive Notes”) will only be issued upon the occurrence of an Exchange Event. “Exchange Event” means (i) an Event of Default has occurred and is continuing or (ii) in respect of Bearer Notes, the Issuer has been notified that both Euroclear or Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no alternative clearing system is available, and in respect of Registered Notes, (a) in the case of Notes registered in the name of a nominee for DTC, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Notes and no alternative clearing system satisfactory to the Issuer is available or DTC has ceased to constitute a clearing agency registered under the U.S. Securities Exchange Act of 1934, as amended (the “Exchange Act”), or (b) in the case of Notes registered in the name of a nominee for a common depository for Euroclear and Clearstream, Luxembourg, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announced an intention permanently to cease business or have in fact done so and, in any such case, no alternative clearing system satisfactory to the Issuer is available.

In relation to any issue of Notes which have a minimum denomination and are tradable in the clearing systems in any amounts above such minimum denomination if and when Definitive Notes are required to be issued, a holder whose interest in Notes is not held in an integral multiple of the minimum denomination in its account with the relevant clearing system at the relevant time may not receive all of its

entitlement in form of Definitive Notes unless and until such time as its holding becomes an integral multiple of the minimum denomination. Any remaining nominal amount of Notes will be cancelled and holders will have no rights against the Issuer (including rights to receive principal or interest or to vote) in respect of such Notes. Definitive Notes will in no circumstances be issued to any person holding Notes in an amount lower than the minimum denomination and such Notes will be cancelled and holders will have no rights against the Issuer (including rights to receive principal or interest or to vote) in respect of such Notes.

In addition, copies of the applicable Final Terms relating to Notes which are admitted to trading on a regulated market of a Relevant Member State and/or offered in a Relevant Member State in circumstances where a prospectus is required to be published under the Prospectus Directive will be available on the website of the Issuer.

Save for the Issuer, no other party has separately verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by any Dealer or any Agent (as defined on page 59) as to the accuracy or completeness of the information contained in this Base Prospectus or any other information provided by the Issuer in connection with the Programme or the Notes or their distribution. No person is or has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Notes and, if given

or made, such information or representation must not be relied upon as having been authorised by the Issuer, any Dealer or any Agent.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Notes (i) is intended to provide the basis of any credit or other evaluation or (ii) should be considered as a recommendation or as constituting an invitation or offer by the Issuer, any Dealer or any Agent that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Base Prospectus nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer by or on behalf of the Issuer, any Dealer or any Agent to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Notes shall at any time imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as at any time subsequent to the date indicated in the document containing the same. The Dealers and the Agents expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme or to advise any investor in the Notes of any information coming to their attention. When deciding whether or not to purchase Notes of any Tranche, investors should review, *inter alia*, the documents incorporated by reference into this Base Prospectus and any supplement to this Base Prospectus (including the Final Terms relating to such Tranche, but not including any other Final Terms).

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers.

Certain Tranches of Notes issued in NGN form (as defined in “Form of the Notes” below) may be held in a manner which will allow Eurosystem eligibility. This simply means that the Notes are intended upon issue to be delivered to one of Euroclear Bank S.A./N.V. (“Euroclear”) and Clearstream Banking, société anonyme (“Clearstream, Luxembourg”) as common safekeeper and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

The Issuer is not aware of any interest(s) material to issues of Notes under the Programme, other than any fees payable to the Dealer(s) acting as underwriter(s) and/or Stabilising Manager(s) of issues of Notes. Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer in the ordinary course of business. In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

## NOTES MAY NOT BE A SUITABLE INVESTMENT FOR ALL INVESTORS

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of any relevant indices and financial markets; and
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the assistance of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

## IMPORTANT INFORMATION RELATING TO PUBLIC OFFER OF NOTES

### Restrictions on Public Offers of Notes in Relevant Member States

Certain Tranches of Notes with a denomination of less than EUR 100,000 (or its equivalent in any other currency) may be offered in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus. Any such offer is referred to as a "Non-Exempt Offer". This Base Prospectus has been prepared on a basis that permits Non-Exempt Offer of Notes. However, any person making or intending to make a Non-Exempt Offer of Notes in any Relevant Member State may only do so if this Base Prospectus has been approved by the competent authority in that Relevant Member State (or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State) and published in accordance with the Prospectus Directive, provided that the Issuer has consented to the use of this Base Prospectus in connection with such offer as provided under "Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)" and the terms of that consent are complied with by the person (the "Offeror") making the Non-Exempt Offer of such Notes.

Save as provided above, neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any Non-Exempt Offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

### **Consent given in accordance with Article 3.2 of the Prospectus Directive (Retail Cascades)**

Any person (an “Investor”) intending to acquire or acquiring any Notes from any Offeror other than the Issuer or a relevant Dealer should be aware that, in the context of a Non-Exempt Offer of such Notes, the Issuer will be responsible to the Investor for this Base Prospectus under Article 6 of the Prospectus Directive only if the Issuer has consented to the use of this Base Prospectus by that Offeror to make the Non-Exempt Offer to the Investor. Neither the Issuer nor any Dealer makes any representation as to the compliance by that Offeror with any applicable conduct of business rules or other applicable regulatory or securities law requirements in relation to any Non-Exempt Offer and neither the Issuer nor any Dealer has any responsibility or liability for the actions of that Offeror. **Save as provided below, neither the Issuer nor any Dealer has authorised the making of any Non-Exempt Offer by any Offeror or consented to the use of this Base Prospectus by any other person in connection with any Non-Exempt Offer of Notes. Any Non-Exempt Offer made without the consent of the Issuer is unauthorised and neither the Issuer nor any Dealer accepts any responsibility or liability for the actions of the persons making any such unauthorised offer.** If the Issuer has not consented to the use of this Base Prospectus by an Offeror, the Investor should check with the Offeror whether anyone is responsible for this Base Prospectus for the purposes of Article 6 of the Prospectus Directive in the context of the Non-Exempt Offer and, if so, who that person is. If the Investor is in any doubt about whether it can rely on this Base Prospectus and/or who is responsible for its contents it should take legal advice.

In connection with each Tranche of Notes, the Issuer consents to the use of this Base Prospectus in connection with a Non-Exempt Offer of such Notes subject to the following conditions:

- (i) the consent is only valid during the Offer Period specified in the applicable Final Terms;
- (ii) the only Offerors authorised to use this Base Prospectus to make the Non-Exempt Offer of the relevant Tranche of Notes are the relevant Dealer and either:
  - (a) (1) if the applicable Final Terms names financial intermediaries authorised to offer the Notes, the financial intermediaries so named and/or (2) if the Issuer appoints additional financial intermediaries after the date of the applicable Final Terms and publishes details of them on its website, each financial intermediary whose details are so published; or
  - (b) if specified in the applicable Final Terms, any financial intermediary which is authorised to make such offers under Directive 2004/39/EC (the Markets in Financial Instruments Directive (“MiFID”)) which has been duly appointed directly or indirectly by the Issuer to make such offers, provided that such financial intermediary states on its website (1) that it is relying on this Base Prospectus to offer the relevant Tranche of Notes during the Offer Period (provided such financial intermediary has in fact been so appointed) (2) it is relying on this Base Prospectus for such Non-Exempt Offer with the consent of the Issuer and (3) the conditions attached to that consent; and
- (iii) the consent only extends to the use of this Base Prospectus to make Non-Exempt Offers of the relevant Tranche of Notes in one or more of the Federal Republic of Germany, the United Kingdom, the Grand Duchy of Luxembourg, the Netherlands, the Kingdom of Belgium, the Kingdom or Denmark, the Republic of Austria and the Republic of Italy specified in the applicable Final Terms (each a “Public Offer Jurisdiction”).

Any new information with respect to financial intermediaries unknown at the time of the approval of the Base Prospectus or the filing of the applicable final terms, as the case may be, will be published on the Issuer’s website at [www.rentenbank.de](http://www.rentenbank.de).

**Any Offeror falling within sub-paragraph (ii)(b) above who meets all of the other conditions stated above and wishes to use this Base Prospectus in connection with a Non-Exempt Offer is required, for the duration of the relevant Offer Period, to publish on its website (i) that it has been duly appointed as a financial intermediary to offer the relevant Tranche of Notes during the Offer Period (provided such financial intermediary has in fact been so appointed), (ii) that it is relying on this Base Prospectus for such Non-Exempt Offer with the consent of the Issuer and (iii) the conditions attached to that consent.**

**IN THE EVENT OF AN OFFER BEING MADE BY A FINANCIAL INTERMEDIARY, THE FINANCIAL INTERMEDIARY WILL PROVIDE INFORMATION TO INVESTORS ON THE TERMS AND CONDITIONS OF THE OFFER AT THE TIME THE OFFER IS MADE.**

The Issuer accepts responsibility, in each Member State to which the consent to use the Base Prospectus extends, for the content of this Base Prospectus in relation to any Investor who acquires any Notes in a Non-Exempt Offer made by any person to whom consent has been given to use this Base Prospectus in that connection in accordance with the preceding paragraph, provided that such Non-Exempt Offer has been made in accordance with all the conditions attached to that consent.

The consent referred to above relates to Offer Periods occurring within 12 months from the date this Base Prospectus is approved.

The Issuer is only offering to and selling to the Dealers specified in the applicable Final Terms pursuant to and in accordance with the terms of the Programme Agreement, as supplemented by a syndication or subscription agreement, if any. All sales to persons other than such Dealers will be made by such Dealers or persons to whom they sell, and/or otherwise make arrangements with, including any financial intermediaries authorised to offer such Notes. The Issuer shall not be liable for any offers and/or sales of Notes to, or purchases of Notes by, Investors at any time (including during the Offer Period) (other than in respect of offers and sales to, and purchases of Notes by, such Dealers and only then pursuant to the Programme Agreement, as supplemented by a syndication or subscription agreement, if any). A person selling Notes at any time during the relevant Offer Period may not necessarily be a financial intermediary authorised to offer such Notes; any person selling Notes at any time after the relevant Offer Period is not a financial intermediary authorised to offer such Notes.

Each of the Dealers has acknowledged and agreed, and any other financial intermediary authorised to offer Notes will be required by the relevant Dealers to acknowledge and agree, that for the purpose of offer(s) of the Notes (i) for the duration of the relevant Offer Period, each financial intermediary so authorised will publish on its website (a) that it has been duly appointed as a financial intermediary to offer the Notes during the relevant Offer Period provided such financial intermediary has in fact been so appointed, (b) it is relying on the Base Prospectus for such offer(s) with the consent of the Issuer and (c) the conditions attached to that consent and (ii) the Issuer has passported the Base Prospectus into each of the Public Offer Jurisdictions specified in the applicable Final Terms and will not passport the Base Prospectus into any other Member State; accordingly, the Notes may only be publicly offered in relevant Public Offer Jurisdictions during the relevant Offer Period or offered to qualified investors (as defined in the Prospectus Directive) or otherwise in compliance with Article 3(2) of the Prospectus Directive in any other Member State pursuant to and in accordance with the Base Prospectus and the Final Terms (without modification or supplement); and that all offers of Notes by it will be made only in accordance with the selling restrictions set forth in the Base Prospectus and the provisions of the relevant Final Terms and in compliance with all applicable laws and regulations, provided that no such offer of Notes shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive (or supplement a prospectus pursuant to Article 16 of the Prospectus Directive) or to take any other action in any jurisdiction other than as described above.

**AN INVESTOR INTENDING TO ACQUIRE OR ACQUIRING ANY NOTES IN A NON-EXEMPT OFFER FROM AN OFFEROR OTHER THAN THE ISSUER WILL DO SO, AND OFFERS AND SALES OF SUCH NOTES TO AN INVESTOR BY SUCH OFFEROR WILL BE MADE, IN ACCORDANCE WITH ANY TERMS AND OTHER ARRANGEMENTS IN PLACE BETWEEN SUCH OFFEROR AND SUCH INVESTOR INCLUDING AS TO PRICE, ALLOCATIONS AND SETTLEMENT ARRANGEMENTS. THE ISSUER WILL NOT BE A PARTY TO ANY SUCH ARRANGEMENTS WITH SUCH INVESTORS IN CONNECTION WITH THE NON-EXEMPT OFFER OR SALE OF THE NOTES CONCERNED AND, ACCORDINGLY, THIS BASE PROSPECTUS AND ANY FINAL TERMS WILL NOT CONTAIN SUCH INFORMATION. NEITHER THE ISSUER NOR ANY DEALER HAS ANY RESPONSIBILITY OR LIABILITY TO AN INVESTOR IN RESPECT OF SUCH INFORMATION.**

**Save as provided above, neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any Non-Exempt Offer of Notes in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.**

**Form of Notes:**

The Notes may be issued in bearer form, registered form or uncertificated and dematerialised book entry form, as specified in the applicable Final Terms, and in the case of definitive Notes, serially numbered, in the Specified Currency and the Specified Denomination(s).

*Bearer Notes:*

In respect of Notes issued in bearer form, the Notes will on issue be represented by either a temporary global Note or a permanent global Note as specified in the applicable Final Terms. Temporary global Notes will be exchangeable either for (i) interests in a permanent global Note or (ii) definitive Notes as indicated in the applicable Final Terms.

Bearer Notes may either be issued in the existing form known as classical global notes (“CGN”) or through Euroclear and Clearstream, Luxembourg in a new form, known as new global notes (“NGN”). Bearer Notes issued after 31st December, 2006 are only eligible as collateral for Eurosystem monetary policy and intra-day credit operations if they are issued in NGN form.

*Registered Notes:*

Notes may also be issued in the form of registered Notes in restricted or unrestricted form. From 1st October, 2010, registered Notes in global form may be held under the New Safekeeping Structure (the “NSS”).

Notes in registered form will not be exchangeable for Notes in bearer form and *vice versa*. Permanent global Notes will be exchangeable for definitive Notes only upon the occurrence of an Exchange Event.

*Uncertificated Notes:*

Notes may also be issued in uncertificated and dematerialised book entry form (“Uncertificated Notes”) that are registered with and cleared through VP Securities A/S (“VP Notes” and “VP”, respectively) or registered with and cleared through the Norwegian Central Securities Depository (*Verdipapirsentralen ASA*) (“VPS Notes” and “VPS”, respectively). Uncertificated Notes will not be evidenced by any physical note or document of title. Entitlements to Uncertificated Notes will be evidenced by the crediting of such Notes to accounts with VP or VPS, as the case may be. Uncertificated Notes may not be exchanged for Bearer Notes or Registered Notes and *vice versa*.

**Clearing Systems:**

Notes in CGN form will normally be initially deposited with a common depository for Euroclear Bank S.A./N.V. (“Euroclear”) and Clearstream Banking, société anonyme (“Clearstream, Luxembourg”) or deposited with a custodian for, and registered in the name of, Cede & Co. as nominee for The Depository Trust Company (“DTC”). Notes may also be deposited with a custodian for Clearstream Banking Aktiengesellschaft (“Clearstream, Frankfurt”) or for any other clearing system agreed by the Issuer, the relevant Dealer and the Principal Paying Agent.

Notes issued in NGN form will be deposited and safekept by a common safekeeper (the “Common Safekeeper”) and serviced by a common service provider (the “Common Service Provider”) for Euroclear or Clearstream, Luxembourg.

Notes in NGN form that the Issuer wishes to make potentially eligible as collateral for Eurosystem monetary policy or intra-day

credit operations will be deposited and safekept throughout their lives by Euroclear or Clearstream, Luxembourg as Common Safekeeper.

Uncertificated Notes will be registered with and cleared through VP, VPS or any other clearing system agreed by the Issuer, the relevant Dealer and the Principal Paying Agent.

**Type of Notes:**

*Fixed Rate Notes:*

Fixed Rate Notes are Notes that bear interest at a fixed rate. Such Notes have a fixed term and are redeemed on the Maturity Date. Interest in respect of Fixed Rate Notes will be payable on such date or dates as may be agreed between the Issuer and the relevant Dealer (as indicated in the applicable Final Terms) and on redemption and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer and indicated in the applicable Final Terms. The Rate of Interest may differ between the single Interest Periods.

*Floating Rate Notes:*

Floating Rate Notes are Notes that bear interest at a floating rate. Such Notes have a fixed term and are redeemed on the Maturity Date. Interest on Floating Rate Notes will be at a rate determined either:

- (i) on the same basis as the floating rate under a notional interest-rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions (published by the International Swaps and Derivatives Association, Inc., and as amended and updated as at the Issue Date of the first tranche of the Notes of the relevant series); or
- (ii) on the basis of a reference rate appearing on the agreed screen page of a commercial quotation service; or
- (iii) on such other basis as may be agreed between the Issuer and the relevant Dealer,

as indicated in the applicable Final Terms.

The margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer for each series of Floating Rate Notes.

Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both (as indicated in the applicable Final Terms). Interest on Floating Rate Notes in respect of each Interest Period, as agreed prior to issue by the Issuer and the relevant Dealer(s), will be payable on such Interest Payment Dates and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer(s) (as indicated in the applicable Final Terms).

*Fixed to Floating Rate Notes:*

Notes may be issued that bear interest at a fixed rate and at a floating rate each for a predetermined period during the term of the Notes. Such Notes have a fixed term and are redeemed on the Maturity Date.

*Alternative Settlement Notes:*

Alternative Settlement Notes are Notes in respect of which payments or interest and principal are to be settled in a different currency and at a specified rate of exchange. Such Notes have a fixed term and are redeemed on the Maturity Date. Payment (whether in respect of principal or interest and whether at maturity or otherwise) in respect of Alternative Settlement Notes will be settled in a currency other than the currency in which such Notes are denominated, as the Issuer and the relevant Dealer(s) may agree (as indicated in the applicable Final Terms).

*Dual Currency Notes:*

Dual Currency Notes are Fixed Rate Notes in respect of which payments of interest are made or to be made in one or more different currencies and at one or more specified rates of exchange. Such Notes have a fixed term and are redeemed on the Maturity Date. Payments of interest in respect of Dual Currency Notes will be made in such currencies, and based on such rates of exchange, as the Issuer and the relevant Dealer(s) may agree (as indicated in the applicable Final Terms).

*Zero Coupon Notes:*

Zero Coupon Notes are Notes in respect of which no interest is paid. Such Notes have a fixed term and are redeemed on the Maturity. Zero Coupon Notes will be offered and sold at a discount to their nominal amount or at par.

**Redemption:**

The Final Terms relating to each tranche of Notes will indicate either that the relevant Notes cannot be redeemed prior to their stated maturity (other than in specified instalments (see below), if applicable, or for taxation reasons or following an Event of Default) or that such Notes will be redeemable at the option of the Issuer and/or (in the case of Senior Notes only) the Noteholders upon giving, in the case of Senior Notes, not less than 15 nor more than 30 days' irrevocable notice and, in the case of Subordinated Notes, not less than two years' irrevocable notice (or such other notice period (if any) as is indicated in the applicable Final Terms) to the Noteholders or the Issuer, as the case may be, on a date or dates specified prior to such stated maturity and at a price or prices and on such terms as are indicated in the applicable Final Terms.

The applicable Final Terms may provide that Notes may be repayable in two or more instalments of such amounts and on such dates as indicated in the applicable Final Terms.

**Denomination of Notes:**

Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer and as indicated in the applicable Final Terms except that the minimum denomination of each Note will be such as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency.

**Taxation:**

All payments in respect of the Notes will be made without deduction for or on account of withholding taxes levied in Germany, apart from certain exceptions. In the event that any such deduction is made, the Issuer will, except in certain circumstances, be required to pay additional amounts to cover the amounts so deducted.

**Negative Pledge:**

None.

**Cross Default:**

None.

**Status of the Senior Notes:**

Unless otherwise specified in the applicable Final Terms, the Senior Notes will constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and will rank *pari passu* among themselves and (subject as aforesaid and to such mandatory exceptions as are from time to time applicable under German law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer from time to time outstanding.

**Status and Characteristics relating to Subordinated Notes:**

The Subordinated Notes will constitute direct, unsecured and subordinated obligations of the Issuer and will rank *pari passu* among themselves and will rank at least *pari passu* with all other present and future unsecured and subordinated obligations of the Issuer, except for those that have been accorded by law preferential rights.

The obligations of the Issuer to pay the principal amount of the Subordinated Notes will be subordinated obligations of the Issuer, and the principal of any Subordinated Notes will be, (i) upon the commencement and during the continuation of proceedings instituted by or against the Issuer seeking to adjudicate it bankrupt or (ii) upon the commencement of the liquidation of the Issuer, junior in right of payment from the Issuer to the prior payment in full of all other obligations of the Issuer except those obligations which by their terms rank *pari passu* with or junior to the Subordinated Notes.

## FORM OF THE NOTES

Each Series of Notes will be in bearer form, with or without interest coupons attached, registered form, without interest coupons attached, or uncertificated and dematerialised book entry form.

Notes in bearer form and notes in uncertificated and dematerialised book entry form will be issued outside the United States in reliance on Regulation S under the U.S. Securities Act (“Regulation S”) and Notes in registered form will be issued both outside the United States in reliance on the exemption from registration provided by Regulation S and within the United States in reliance on Rule 144A under the U.S. Securities Act.

Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive Definitive Notes. Euroclear Bank S.A./N.V. (“Euroclear”) and Clearstream Banking société anonyme (“Clearstream, Luxembourg”), The Depository Trust Company (“DTC”) or Clearstream Banking Aktiengesellschaft (“Clearstream, Frankfurt”) will maintain records of the coownership participations or the beneficial ownership interests, as the case may be, in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their coownership participations or their beneficial ownership interests, as the case may be, only through Euroclear and Clearstream, Luxembourg, DTC or Clearstream, Frankfurt.

### **Bearer Notes**

Bearer Notes may be issued either in classical global note form (“CGN”) or new global note form (“NGN”) through Euroclear or Clearstream, Luxembourg (Euroclear and Clearstream, Luxembourg together the “International Central Securities Depositories” or “ICSDs”). Under the terms of the NGN, the issue outstanding amount is determined based on the ICSDs’ records. Bearer Notes in CGN form are physically annotated to reflect the issue outstanding amount under the terms of each CGN.

Global Notes issued in CGN form will be deposited with a common depository for Euroclear and Clearstream Luxembourg, DTC, Clearstream, Frankfurt, and/or any other agreed clearing system.

Global Notes issued in NGN form will be deposited and safekept by a common safekeeper (the “Common Safekeeper”) and serviced by a common service provider (the “Common Service Provider”) for Euroclear and Clearstream, Luxembourg.

Global Notes in NGN form that the Issuer wishes to make potentially eligible as collateral for Eurosystem monetary policy or intra-day credit operations will be deposited and safekept throughout their lives by Euroclear or Clearstream, Luxembourg as Common Safekeeper.

While the Notes are represented by one or more Global Notes, the Issuer will discharge its payment obligations under the Notes (i) in CGN form by making payments to the common depository for Euroclear and Clearstream, Luxembourg, DTC or to Clearstream, Frankfurt, and (ii) in NGN form by making payments to the Common Service Provider for Euroclear and Clearstream, Luxembourg for distribution to their account holders.

Each Tranche of Bearer Notes will initially be represented by a temporary bearer Global Note (a “Temporary Bearer Global Note”), without receipts, interest coupons or talons, which, in the circumstances described below, will be exchanged for a permanent bearer Global Note (a “Permanent Bearer Global Note” and, together with the Temporary Bearer Global Note, the “Bearer Global Notes”). The Bearer Global Notes will, in either case, (i) if they are intended to be issued in NGN form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to the Common Safekeeper; and (ii) if the Bearer Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depository (the “Common Depository”) for Euroclear and Clearstream, Luxembourg and/or any other agreed clearing system.

Upon delivery of a Temporary Bearer Global Note, Euroclear and/or Clearstream, Luxembourg and/or such other agreed clearing system will credit purchasers with nominal amounts of Notes of the relevant Tranche equal to the nominal amounts thereof for which they have paid.

Whilst any Note is represented by a Temporary Bearer Global Note, payments of principal and interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Bearer Global Note if the Temporary Bearer Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form

to be provided) to the effect that the beneficial owners of such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the “Exchange Date”) which is the later of (i) 40 days after the Temporary Bearer Global Note is issued and (ii) 40 days after the completion of the distribution of the relevant Tranche, as certified by the relevant Dealer (in the case of a non-syndicated issue) or the relevant lead manager (in the case of a syndicated issue) (the “Distribution Compliance Period”), but, if such Temporary Bearer Global Note is issued in respect of a Tranche of Notes described as Partly Paid Notes in the applicable Final Terms, only if the final instalment on all outstanding such Notes has been paid, interests in the Temporary Bearer Global Note will be exchangeable (free of charge) either for interests in a Permanent Bearer Global Note of the same Series without receipts, interest coupons or talons or, where specified in the applicable Final Terms (subject to such notice period as is specified in the Final Terms), for Bearer Notes in definitive form (“Definitive Bearer Notes”) in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note or for Definitive Bearer Notes is improperly withheld or refused.

Payments of principal, interest (if any) and any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg and/or any other agreed clearing system (against presentation or surrender (as the case may be) of the Permanent Bearer Global Note if the Permanent Bearer Global Note is not intended to be issued in NGN form) without any requirement for certification.

Unless otherwise provided in the applicable Final Terms, a Permanent Bearer Global Note will be exchangeable (free of charge), in whole or (subject to the Notes which continue to be represented by the Permanent Bearer Global Note being regarded by Euroclear and Clearstream, Luxembourg as fungible with the Definitive Bearer Notes issued in partial exchange for such Permanent Bearer Global Note) in part, for security printed Definitive Bearer Notes (at the expense of the Issuer, unless otherwise specified in the applicable Final Terms) with, where applicable, receipts, interest coupons and talons attached only (unless otherwise specified in the applicable Final Terms) upon the occurrence of an Exchange Event as described therein. “Exchange Event” means (i) an Event of Default has occurred and is continuing or (ii) the Issuer has been notified that both Euroclear or Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no alternative clearing system is available. The Issuer will promptly give notice to Noteholders in accordance with the Conditions (as defined below) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) may give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 60 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

Temporary Bearer Global Notes, Permanent Bearer Global Notes and Definitive Bearer Notes will be issued pursuant to the Agency Agreement. At the date hereof, neither Euroclear nor Clearstream, Luxembourg regard Notes in global form as fungible with Notes in definitive form.

The following legend will appear on all Bearer Notes which have an original maturity (at issue) of more than 365 days and on all receipts, interest coupons and talons relating to such Notes:

“ANY UNITED STATES PERSON (AS DEFINED IN THE INTERNAL REVENUE CODE OF THE UNITED STATES) WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

The sections referred to above generally provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, receipts or interest coupons.

Bearer Notes which are represented by a Temporary Bearer Global Note and/or a Permanent Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

A Note may be accelerated by the holder thereof in certain circumstances described in Condition 10. In such circumstances, where any Note is still represented by a Bearer Global Note and the Bearer Global Note (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Bearer Global Note then, unless within a period of seven days commencing on the relevant due date payment in full of the amount due in accordance with the terms of such Bearer Global Note, such Bearer Global Note will become void. At the same time, holders of interests in such Bearer Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg (as the case may be) will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear and/or Clearstream, Luxembourg, on and subject to the terms of a deed of covenant (the “Deed of Covenant”) dated 23rd May, 2013, executed by the Issuer.

### **Registered Notes**

The Registered Notes of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a Global Note in registered form (a “Regulation S Global Note”). Prior to expiry of the distribution compliance period (as defined in Regulation S) applicable to each Tranche of Notes, beneficial interests in a Regulation S Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person and may not be held otherwise than through Euroclear or Clearstream, Luxembourg, and such Regulation S Global Note will bear a legend regarding such restrictions on transfer.

The Registered Notes of each Tranche may only be offered and sold in the United States or to U.S. persons in private transactions to “qualified institutional buyers” within the meaning of Rule 144A under the U.S. Securities Act (“QIBs”). The Registered Notes of each Tranche sold to QIBs will initially be represented by a global note in registered form (a “Rule 144A Global Note” and, together with a Regulation S Global Note, the “Registered Global Notes”).

Registered Global Notes will either (i) be deposited with a custodian for, and registered in the name of a nominee of, DTC or (ii) be deposited with, and registered in the name of a nominee of a common depositary or common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg, as specified in the applicable Final Terms. From 1st October, 2010, Registered Global Notes that are held in Euroclear and/or Clearstream Luxembourg may be held under the New Safekeeping Structure (the “NSS”). Registered Global Notes that are held in Euroclear and Clearstream, Luxembourg, will be registered in the name of a nominee for such system or, as the case may be, for the Common Safekeeper, and the applicable Registered Global Note will be delivered to (1) a Common Depositary in the case of Registered Global Notes not held under the NSS or (2) a Common Safekeeper for Euroclear and/or Clearstream, Luxembourg in the case of Registered Global Notes held under the NSS.

Depositing Notes with a Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life.

In the case of a Regulation S Global Note registered in the name of a nominee of DTC, prior to the end of the distribution compliance period (as defined in Regulation S) applicable to the Notes represented by such Regulation S Global Note, interests in such Regulation S Global Note may only be held through accounts with Euroclear and Clearstream, Luxembourg. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of Definitive Notes in fully registered form. The Rule 144A Global Notes will be subject to certain restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the person shown on the Register on the relevant Record Date (as defined below) as the registered holder of the Registered Global Notes. None of the Issuer, any Paying and Transfer Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date immediately preceding the due date for payment in the manner provided in the Conditions.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for Registered Notes in definitive form without receipts, interest coupons or talons attached (“Definitive Registered Notes”) only upon the occurrence of an Exchange Event. For these purposes, “Exchange Event” means that (i) an Event of Default has occurred and is continuing, (ii) in the case of Notes registered in the name of a nominee for DTC, either DTC has notified the Issuer that it is unwilling or unable to continue to act as depository for the Notes and no alternative clearing system satisfactory to the Issuer is available or DTC has ceased to constitute a clearing agency registered under the Exchange Act, or (iii) in the case of Notes registered in the name of a nominee for a common depository for Euroclear and Clearstream, Luxembourg, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announced an intention permanently to cease business or have in fact done so and, in any such case, no alternative clearing system satisfactory to the Issuer is available. The Issuer will promptly give notice to Noteholders in accordance with the Conditions if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, DTC, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Global Note) or the Issuer may give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 60 days after the date of receipt of the first relevant notice by the Registrar. Regulation S Global Notes, Rule 144A Global Notes and Registered Notes in definitive form will be issued pursuant to the Agency Agreement.

#### **Transfer of Interests**

Interests in a Rule 144A Global Note may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in a Regulation S Global Note representing the same series and Tranche of Notes, and *vice versa*. No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the Conditions and the applicable procedures of DTC, Euroclear and Clearstream, Luxembourg, in each case to the extent applicable. Registered Notes are also subject to the restrictions on transfer set forth therein and in the Agency Agreement and will bear a legend regarding such restrictions, see “Subscription and Sale” and “Notice to Purchasers and Holders of Rule 144A Notes and Transfer Restrictions.”

The holder of VP Notes will be the person evidenced as such by book entry in the VP system. Where a nominee is so evidenced, it shall be treated as the holder of the relevant VP Note. VP Notes will be issued pursuant to the Agency Agreement and the VP agency agreement dated 28th May, 2008 (such VP agency agreement as from time to time modified, supplemented and/or restated, the “VP Agreement”) and made between the Issuer and the VP Agent. On the issue of such VP Notes, the Issuer will send a copy of the applicable Final Terms to the VP Agent, with a copy sent to VP. On delivery of the applicable Final Terms to VP and notification to VP of the subscribers and their VP account details by the relevant Dealer, each subscribing account holder with VP will be credited with a nominal amount of VP Notes equal to the nominal amount thereof for which it has subscribed and paid. The VP Notes will not be evidenced by any physical note or document other than statements made by VP or by an issue administrator in accordance with applicable Danish laws and regulations and the procedures applicable to and/or issued by VP from time to time. Ownership of the VP Notes will only be recorded and transfers effected through the book entry system and register maintained by VP.

Settlement of sale and purchase transactions in respect of VP Notes and the transfer of interests in VP Notes will take place in accordance with the procedures applicable to and/or issued by VP from time to time.

Legal title to the VPS Notes will be evidenced by book entries in the records of VPS. VPS Notes will be issued pursuant to the Agency Agreement and the registrar agreement dated 25th February, 2008 (such registrar agreement as from time to time modified, supplemented and/or restated, the “VPS Agreement”) and made between the Issuer and the VPS Agent. On the issue of such VPS Notes, the Issuer will send a letter to the VPS Agent, with a copy sent to the Principal Paying Agent (the “VPS Letter”) which letter will set out the terms of the relevant issue of VPS Notes in the form of Final Terms attached thereto. On delivery of a copy of such VPS Letter including the applicable Final Terms to VPS and notification to VPS of the subscribers and their VPS account details by the relevant Dealer, the VPS Agent will credit each subscribing account holder with VPS with a nominal amount of VPS Notes equal to the nominal amount thereof for which it has subscribed and paid.

*(c) Registration of transfer upon partial redemption*

In the event of a partial redemption of Notes under Condition 7, the Issuer shall not be required to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

Prior to expiry of the applicable Distribution Compliance Period, transfers by the holder of, or of a beneficial interest in, a Regulation S Global Note to a transferee in the United States or who is a U.S. person will only be made:

- (i) upon receipt by the Registrar of a written certification substantially in the form set out in the Agency Agreement, amended as appropriate (a "Transfer Certificate"), copies of which are available from the specified office of the Registrar or any Paying and Transfer Agent, from the transferor of the Note or beneficial interest therein to the effect that such transfer is being made to a person whom the transferor reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A, or
- (ii) otherwise pursuant to registration under the U.S. Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of U.S. counsel, that such transfer is in compliance with the U.S. Securities Act,

and, in each case, in accordance with any applicable securities laws of any State of the United States or any other jurisdiction.

In the case of (i) above, such transferee may take delivery by means of a Rule 144A Note in global or definitive form.

After expiry of the applicable Distribution Compliance Period, (i) beneficial interests in Regulation S Global Notes registered in the name of a nominee for DTC may be held through DTC directly, by a participant in DTC, or indirectly through a participant in DTC and (ii) such certification requirements will no longer apply to such transfers.

*(f) Transfers of interest in Rule 144A Notes*

- (i) to a transferee who takes delivery of such interest through a Regulation S Global Note, upon receipt by the Registrar of a duly completed Transfer Certificate from the transferor to the effect that such transfer is being made in accordance with Regulation S and that in the case of a Regulation S Global Note registered in the name of a nominee for DTC, if such transfer is being made prior to expiry of the applicable Distribution Compliance Period, the interests in the Notes being transferred will be held immediately thereafter through Euroclear and/or Clearstream, Luxembourg; or

and, in each case, in accordance with any applicable securities laws of any State of the United States or any other jurisdiction.

Upon the transfer, exchange or replacement of Rule 144A Notes, or upon specific request for removal of the legend, the Registrar shall deliver only Rule 144A Notes or refuse to remove the legend, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the U.S. Securities Act.

### **3. Status of the Senior Notes**

The Senior Notes and the relative Receipts and Coupons are direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* among themselves and (except for certain debts required to be preferred by law) equally with all other unsecured obligations (other than subordinated obligations, if any) of the Issuer from time to time outstanding.

### **4. Status and Characteristics of the Subordinated Notes**

The Subordinated Notes of this Series and the relative Receipts and Coupons constitute direct, unsecured and subordinated obligations of the Issuer and rank *pari passu* among themselves and at least *pari passu* with all other present and future unsecured and subordinated obligations of the Issuer, except for those that have been accorded by law preferential rights.

The obligations of the Issuer to pay the principal amount of the Subordinated Notes of this Series are subordinated obligations of the Issuer, and the principal of the Subordinated Notes of this Series is (i) upon the commencement and during the continuation of proceedings instituted by or against the Issuer seeking to adjudicate it bankrupt or (ii) upon the commencement of the liquidation of the Issuer, junior in right of payment from the Issuer to the prior payment in full of all other obligations of the Issuer except those obligations which by their terms rank *pari passu* with or junior to the Subordinated Notes of this Series.

The Terms and Conditions of the Subordinated Notes of this Series may not be amended (i) to shorten the maturity of the Subordinated Notes of this Series or the period for prior notice of redemption or (ii) to restrict their subordination, nor may the obligations of the Issuer under the Subordinated Notes of this Series be secured by any security of whatever kind provided by the Issuer or any other person.

Each of the Issuer and the holder of any Subordinated Notes of this Series waives any and all rights it may have to set-off claims under the Subordinated Notes of this Series against any claims it may have against the other.

The Subordinated Notes of this Series are not redeemable or repayable prior to maturity except as expressly provided herein. If the Issuer redeems or repays the Subordinated Notes of this Series other than in accordance with the terms provided herein, German law may require that, notwithstanding any agreements to the contrary, the holder of any Subordinated Notes of this Series shall pay to the Issuer any amounts received by it from the Issuer or any Paying and Transfer Agent in such redemption or repayment of the Subordinated Notes of this Series, unless, at the time of such redemption or repayment, the Issuer shall have, to the extent required by German law, replaced the capital (within the meaning of the German Federal Banking Law (*Kreditwesengesetz*)) created by the Subordinated Notes of this Series with capital of equal or higher ranking.

Except to the extent allowed by applicable law, the Issuer shall not, directly or indirectly, acquire for its own account any of the Subordinated Notes of this Series, finance the acquisition for the account of any other person of any of the Subordinated Notes of this Series or accept a lien, security interest or other encumbrance on any of the Subordinated Notes of this Series to secure any obligations owed to the Issuer.

## 5. Interest

### (a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

Except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in these Terms and Conditions, “Fixed Interest Period” means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If interest is required to be calculated for a period other than a Fixed Interest Period, such interest shall be calculated per Calculation Amount by applying the Rate of Interest to the Calculation Amount, multiplying such sum by the applicable Day Count Fraction, and rounding the resulting figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

“Day Count Fraction” means, in respect of the calculation of an amount of interest in accordance with this Condition 5(a):

- (i) if “Actual/Actual (ICMA)” is specified in the applicable Final Terms:
  - (A) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the “Accrual Period”) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
  - (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
    - (1) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and

- (2) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

“Y1” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y2” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M1” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D1” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (iii) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

“Y1” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y2” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M1” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D1” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30; and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30; and

- (iv) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

“Y1” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y2” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M1” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D1” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D1 will be 30; and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31 and D2 will be 30.

In these Terms and Conditions:

“Determination Period” means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

“sub-unit” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) the Following Unadjusted, such Interest Payment Date shall not be adjusted in accordance with any Business Day Convention; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day;

provided that, in each case, Condition 6(g) shall continue to apply.

In these Terms and Conditions, “Business Day” means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Business Centre specified in the applicable Final Terms, “TARGET” means the Trans-European Automated Real-time Gross Settlement Express Transfer (known as TARGET2) System which was launched on 19th November, 2007 or any successor thereto, “Brazil (NBR)” means a day that is a business day in any of Sao Paulo, Rio de Janeiro or Brasilia not otherwise declared as a financial market holiday by *Banco Central do Brasil* or *Andima* (see [www.andima.com.br](http://www.andima.com.br)) as determined in the Swaps Monitor Brazilian Payments System Holidays (Code: NBR), “BRL12” means the EMTA BRL Industry Survey Rate, which is the BRL/USD specified foreign exchange rate for USD, expressed as the amount of BRL per one USD, for settlement in two Brazil (NBR) and New York Business Days, as published on EMTA’s website ([www.emta.org](http://www.emta.org)) at around 3.45 p.m. Sao Paulo time, or as soon thereafter as practicable, on the applicable Rate Fixing Date. BRL12 is calculated by EMTA (as defined below) (or a service provider EMTA may select in its sole discretion) pursuant to the EMTA BRL Industry Survey Methodology (as defined below), “EMTA” means “Emerging Market Traders Association”, and “EMTA BRL Industry Survey Methodology” is a methodology, dated as of March 1, 2004, as amended from time to time, for a

centralized industry wide survey of financial institutions in Brazil that are active participants in the BRL/USD spot rate markets for the purpose of determining the BRL12.

(b) *Interest on Floating Rate Notes*

(i) Interest Payment Dates

Each Floating Rate Note bears interest on its outstanding nominal amount (or, if it is a Partly Paid Note, the amount paid up) from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an “Interest Payment Date”) which falls the number of months or other period specified as the Interest Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (which expression shall, in these Terms and Conditions, mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date, unless otherwise specified in the applicable Final Terms).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day;

provided that, in each case, Condition 6(g) shall continue to apply.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of the Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(iii) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (iii), “ISDA Rate” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent under an interest rate swap transaction if the Principal Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement

incorporating the 2006 ISDA Definitions (as amended and updated as at the Issue Date of the first Tranche of the Notes and as published by the International Swaps and Derivatives Association, Inc. (the “ISDA Definitions”)) and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is the period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the London inter-bank offered rate (“LIBOR”) or on the Euro-zone inter-bank offered rate (“EURIBOR”) for a currency, the first day of that Interest Period or (ii) in any other case, as specified in the applicable Final Terms.

For the purposes of this sub-paragraph (iii), “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity” and “Reset Date” have the meanings given to those terms in the ISDA Definitions.

When this sub-paragraph (iii) applies, in respect of each relevant Interest Period, the Principal Paying Agent will be deemed to have discharged its obligations under Condition 5(b)(iv) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this sub-paragraph (iii).

(iv) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (London time, in the case of LIBOR or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent or, in the case of Uncertificated Notes, the Calculation Agent (specified in the applicable Final Terms). If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

For determining the Rate of Interest pursuant to this sub-paragraph (iv) in the event that the Relevant Screen Page is not available or if, in the case of (A) above, no such quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph (each a market disruption event) the following provisions shall apply:

- (1) The Principal Paying Agent shall request the principal London office of each of the Reference Banks (as defined below) to provide the Principal Paying Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Principal Paying Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Principal Paying Agent.
- (2) If on any Interest Determination Date one only or none of the Reference Banks provides the Principal Paying Agent with such offered quotations as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Principal Paying Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Principal Paying Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest

Determination Date, deposits in the Specified Currency for the relevant Interest Period by leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Principal Paying Agent with such offered rates, the offered rate for deposits in the Specified Currency for the relevant Interest Period, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for the relevant Interest Period, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Principal Paying Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

In this sub-paragraph (iv), the expression “Reference Banks” means, in the case of clause (A) above, those banks whose offered rates were used to determine such quotation when such quotation last appeared on the Relevant Screen Page and, in the case of clause (B) above, those banks whose offered quotations last appeared on the Relevant Screen Page when no fewer than three such offered quotations appeared.

If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than LIBOR or EURIBOR, the Rate of Interest in respect of such Notes will be determined as provided in the applicable Final Terms.

(v) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraphs (ii), (iii) and (iv) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specify a Maximum Rate of Interest for any Interest Period then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraphs (ii), (iii) and (iv) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(vi) Determination of Rate of Interest and Calculation of Interest Amount

The Principal Paying Agent, in the case of Floating Rate Notes other than the Floating Rate Notes which are Uncertificated Notes, and the Calculation Agent (specified in the applicable Final Terms), in the case of Floating Rate Notes which are Uncertificated Notes, will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Principal Paying Agent or, in the case of either Floating Rate Notes which are Uncertificated Notes which are Uncertificated Notes, the Calculation Agent, will calculate the amount of interest (the “Interest Amount”) payable on the Floating Rate Notes in respect of the Calculation Amount for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying such sum by the applicable Day Count Fraction and rounding the resulting figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

“Day Count Fraction” means, in respect of the calculation of an amount of interest in accordance with this Condition 5(b):

- (i) if “Actual/Actual” or “Actual/Actual (ISDA)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);

- (ii) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;
- (iii) if “Actual/365 (Sterling)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (iv) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (v) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

“Y1” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y2” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M1” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D1” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D1 will be 30; and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D1 is greater than 29, in which case D2 will be 30;

- (vi) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

“Y1” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y2” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M1” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M2” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D1” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D1 will be 30; and

“D2” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D2 will be 30; and

- (vii) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y2 - Y1)] + [30 \times (M2 - M1)] + (D2 - D1)}{360}$$

where:

“Y1” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y2” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

(vii) Notification of Rate of Interest and Interest Amount

The Principal Paying Agent or, in the case of Uncertificated Notes, the Calculation Agent (specified in the applicable Final Terms), will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Floating Rate Notes are for the time being listed and, in the case of Uncertificated Notes, VP and the VP Agent or VPS and the VPS Agent, as the case may be, and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth London Business Day (as defined below) thereafter. Such notices to VP and the VP Agent or VPS and the VPS Agent shall be delivered not later than the Business Day before the first day of each Interest Period. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed, to the Noteholders in accordance with Condition 14, and, if appropriate, to the Common Service Provider. For the purposes of this paragraph, the expression “London Business Day” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

The Denomination Currency and the Settlement Currency are specified in the applicable Final Terms under Specified Currency or Currencies.

Interest in respect of Alternative Settlement Notes is calculated in accordance with the provisions of Condition 5(a) as specified in the applicable Final Terms.

The actual amount of interest payable in the Settlement Currency (the “Settlement Interest Amount”) per Calculation Amount on an Interest Payment Date will be calculated by the Calculation Agent by dividing the relevant Broken Amount or Fixed Coupon Amount (calculated in the Denomination Currency) by the Reference Rate on a Reference Fixing Date, provided that each resulting Settlement Interest Amount shall be rounded to the nearest whole cent of Settlement Currency, with 0.005 cent being rounded upwards,

where:

“Rate Fixing Date” means a date that is the number of Settlement Business Days (as defined below) prior to any Interest Payment Date and/or the Maturity Date, and/or the date of early redemption due to an event of default or taxation reasons (subject to adjustment in accordance with the Preceding Business Day Convention) indicated in the applicable Final Terms, provided, however, that if such date is an *Unscheduled Holiday* (as defined below), the Rate Fixing Date shall be the next following Settlement Business Day, and provided further, that if there is an *Unscheduled Holiday* between such Rate Fixing Date and such date of payment, there shall be no adjustment to such Rate Fixing Date on account thereof.

As soon as the Calculation Agent is aware of such an *Unscheduled Holiday*, they shall inform the Issuer promptly.

Interest in respect of Dual Currency Notes is calculated in accordance with the provisions of Condition 5(a) as specified in the applicable Final Terms. The Rate of Exchange or method of calculating Rate of Exchange between the Denomination Currency and the Second Currency or Currencies in respect of such Notes is the rate or method specified in the applicable Final Terms.

(d) *Interest on Partly Paid Notes*

In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the applicable Final Terms.

(e) *Accrual of Interest*

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (i) the date on which all amounts due in respect of such Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Principal Paying Agent, the VP Agent or the VPS Agent, as applicable, and notice to that effect has been given in accordance with Condition 14 or individually.

If the due date for redemption is not an Interest Payment Date, accrued interest shall only be payable on redemption of the Note against presentation and surrender of the relevant Note.

#### (ii) Registered Notes

- (x) Payments of principal (which for the purposes of this Condition shall include final Instalment Amounts but not other Instalment Amounts) in respect of Registered Notes (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant certificate at the specified office of the Registrar. Such payments will be made by cheque or, if requested by the holder, by transfer to a bank account nominated by the holder, of the appropriate currency and maintained with a bank recognised by the relevant Paying and Transfer Agent, (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date.
- (y) Payments of interest (and all Instalment Amounts other than final Instalment Amounts) in respect of Registered Notes shall be made to the person shown on the Register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear

and Clearstream, Luxembourg are open for business) before the relevant due date and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day (being for this purpose a day on which banks are open for business in the city where the specified office of the registrar is located) (the “Record Date”)) prior to such due date. Payment will be made by cheque and mailed to the holder (or to the first named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the specified office of the Registrar or any of the Paying and Transfer Agents before the Record Date, such payment of interest may be made instead by transfer to a bank account nominated by the holder, of the appropriate currency and maintained with a bank recognised by the relevant Paying and Transfer Agent.

If the due date for redemption is not an Interest Payment Date, accrued interest shall only be payable on redemption of the Note against presentation and surrender of the relevant certificate.

(iii) VP Notes

Payment of principal and interest in respect of VP Notes will be made to the persons registered as Noteholders in the book entry system and register maintained by VP in accordance with and subject to the procedures applicable to and/or issued by VP from time to time.

(iv) VPS Notes

Payment of principal and interest in respect of VPS Notes will be made to the Noteholders shown in the records of VPS in accordance with and subject to the procedures applicable to and/or issued by VPS from time to time.

(c) *Payments subject to fiscal laws*

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto. Details are set forth in Condition 8 below. Neither the Issuer nor any Paying and Transfer Agent shall be liable to any holder of a Note or other person for any commissions, costs, losses or expenses in relation to or resulting from such withholding or payment.

(d) *Unmatured Coupons and Receipts and unexchanged Talons*

Fixed Rate Notes in definitive form (other than Dual Currency Notes or Long Maturity Notes (as defined below)) should be presented for payment together with all unexpired Coupons appertaining thereto (which expression shall for this purpose include Coupons failing to be issued on exchange of matured Talons), failing which the amount of any missing unexpired Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unexpired Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of ten years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due but in no event thereafter. Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unexpired Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Dual Currency Note or Long Maturity Note in definitive form becomes due and repayable, unexpired Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A “Long Maturity Note” is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

(e) *Talons*

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Principal Paying Agent in exchange for a further Coupon sheet (and if necessary

another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

*(f) General Provisions Applicable to Payments*

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg or DTC as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, or DTC as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, U.S. dollar payments of principal and interest in respect of the Notes will be made at the specified office of a Paying and Transfer Agent in the United States if:

- (i) the Issuer has appointed Paying and Transfer Agents with specified offices outside the United States with the reasonable expectation that such Paying and Transfer Agents would be able to make payment in U.S. dollars at such specified offices outside of the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

*(g) Payment Day*

If the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes (unless otherwise specified in the applicable Final Terms), "Payment Day" means any day which (subject to Condition 9) is a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in (a) where the Notes are in global form, any Financial Centre specified in the applicable Final Terms, and (b) where the Notes are in definitive form:

- (i) the relevant place of presentation; and
- (ii) any Financial Centre specified in the applicable Final Terms.

If the date for payment of any amount in respect of VP Notes is not a Payment Day, the holder thereof shall not be entitled to payment until the next following VP Payment Day and shall not be entitled to further interest or other payment in respect of such delay. For the purposes hereof, unless otherwise specified in the applicable Final Terms, VP Payment Day means any day which (subject to Condition 9) is a day on which commercial banks are open for general business in Denmark.

If the date for payment of any amount in respect of VPS Notes is not a Payment Day, the holder thereof shall not be entitled to payment until the next following VPS Payment Day and shall not be entitled to further interest or other payment in respect of such delay. For the purposes hereof, unless otherwise specified in the applicable Final Terms, VPS Payment Day means any day which (subject to Condition 9) is a day on which commercial banks are open for general business in Norway.

*(h) Interpretation of Principal and Interest*

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 8;
- (ii) the Final Redemption Amount of the Notes;

- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes;
- (v) in relation to Instalment Notes, the Instalment Amounts;
- (vi) in relation to Zero Coupon Notes, the Amortised Face Amount; and
- (vii) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8.

*(i) Settlement Disruption Event and Fallback Provisions*

Subject to applicable fiscal and other laws and regulations, payments of amounts due in respect of the Notes shall be made in the freely negotiable and convertible currency which on the respective due date is the currency of the country of the Specified Currency. If, in the opinion of the Issuer, a payment of amounts due in respect of the Notes cannot be made by it in the Specified Currency on the due date due to the imposition of exchange controls or other circumstances beyond the control of the Issuer or because the Specified Currency, or a successor currency to the Specified Currency provided for by law, is no longer used by the government of the country issuing such currency or for the settlement of transactions by public institutions within the international banking community, then the Issuer shall be entitled to satisfy its obligations to the holders of the Notes by making such payment in either Euro or U.S. dollars on, or as soon as (in the opinion of the Issuer) reasonably practicable after, the due date (such date, for purposes of this Condition 6(i), the “Payment Date”) on the basis of the Market Exchange Rate. Any payment made under such circumstances in either Euro or U.S. dollars on or after the due date will not constitute a default and holders of the Notes shall not be entitled to further interest or any other payment in respect of such payment.

For purposes of this Condition 6(i), the “Market Exchange Rate” shall (A) in the case of payments in U.S. dollars mean (i) the noon buying rate in New York City for cable transfers of the Specified Currency as certified for customs purposes by the Federal Reserve Bank of New York as of (in the opinion of the Issuer) the most recent practicable date before the Payment Date, or (ii) if (in the opinion of the Issuer) no rate pursuant to item (A)(i) is available as of a date falling within a reasonable period of time prior to the Payment Date, the foreign exchange rate of the Specified Currency against U.S. dollars as determined by the Issuer in its reasonable discretion; or (B) in the case of payments in Euro, mean (i) on the basis of the spot exchange rate at which the Specified Currency was offered in exchange for Euro in the London foreign exchange market as of (in the opinion of the Issuer) the most recent practicable date before the Payment Date, or (ii) if (in the opinion of the Issuer) no rate pursuant to item (B)(i) is available as of a date falling within a reasonable period of time prior to the Payment Date, the foreign exchange rate of the Specified Currency against Euro as determined by the Issuer in its reasonable discretion.

For the avoidance of doubt, the Market Exchange Rate or substitute exchange rate as aforesaid may be such that the resulting U.S. dollar or Euro amount is zero and in such event no amount in the Specified Currency or U.S. dollar or Euro will be payable.

## **7. Redemption and Purchase**

*(a) At Maturity*

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms on the Maturity Date in (i) in the case of each Note which is not an Alternative Settlement Note, the relevant Specified Currency, and (ii) in the case of each Note which is an Alternative Settlement Note the relevant Settlement Currency.

The actual amount of redemption payable in the Settlement Currency per Calculation Amount (the “Settlement Redemption Amount”) on the Maturity Date will be calculated by the Calculation Agent by dividing the relevant Calculation Amount in the Denomination Currency by the Reference Rate (as defined in Condition 5(c)(i)) on the relevant Rate Fixing Date (as defined in Condition 5(c)(i)) prior to the Maturity

Date, provided that the resulting Settlement Redemption Amount shall be rounded to the nearest whole cent of Settlement Currency, with 0.005 cent being rounded upwards.

*(b) Redemption for Tax Reasons*

(i) Senior Notes

Senior Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (in the case of Notes other than Floating Rate Notes, Alternative Settlement Notes or Dual Currency Notes) or on any Interest Payment Date (in the case of Floating Rate Notes, Alternative Settlement Notes or Dual Currency Notes), on giving not less than 30 nor more than 60 days' notice to the Principal Paying Agent (and, in the case of Uncertificated Notes, the VP Agent or the VPS Agent, as the case may be) and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if:

- (x) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of the Federal Republic of Germany or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Notes; and
- (y) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Principal Paying Agent (and, in the case of Uncertificated Notes, the VP Agent or the VPS Agent, as the case may be) a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

Notes redeemed pursuant to this Condition 7(b)(i) will be redeemed at their Early Redemption Amount referred to in paragraph (e) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(ii) Subordinated Notes

If as a result of any change in, or amendment to, the laws or regulations of the Federal Republic of Germany or any political subdivision of, or any authority in, or of, the Federal Republic of Germany having power to tax, or any change in the interpretation or administration of such laws or regulations, which change or amendment becomes effective on or after the Issue Date of the first Tranche of the Subordinated Notes of this Series, the Issuer would be required, for reasons outside its control, to pay additional amounts as provided or referred to in Condition 8, the Issuer may at its option, redeem all the Subordinated Notes of this Series, but not some only, at their Early Redemption Amount referred to in paragraph (e) below together, if appropriate, with interest accrued to (but excluding) the date of redemption (in the case of Subordinated Notes other than Floating Rate Notes or Zero Coupon Notes) and any additional amounts payable under Condition 8, in accordance with the following provisions:

- (x) If the Subordinated Notes are Fixed Rate Notes, the Issuer may at its option, at any time, redeem such Notes upon prior notice to the Noteholders (which notice shall be irrevocable) given not less than two years before either (i) the first day of the relevant financial year in which redemption is to occur or (ii) the redemption date, whichever is permitted by the German Federal Banking Law to maintain the allowable proportion of the capital.
- (y) If the Subordinated Notes are Floating Rate Notes, the Issuer may at its option redeem such Notes on any Interest Payment Date upon prior notice to the Noteholders (which notice shall be irrevocable) given not less than two years before either (i) the first day of the financial year coinciding with or, as the case may be, immediately preceding the relevant Interest Payment Date or (ii) the redemption date (which must be an Interest Payment Date), whichever is

permitted by the German Federal Banking Law to maintain the allowable proportion of the capital.

*(c) Redemption at the Option of the Issuer (Call Option)*

If Call Option is specified in the applicable Final Terms, the Issuer may, having given:

- (i) not less than 15 nor more than 30 days' notice to the Noteholders (or such other period of notice as is specified in the applicable Final Terms) in accordance with Condition 14; and
- (ii) not less than 2 business days (being days when banks are open for business in the city in which the specified office of the relevant Agent is located) before the giving of the notice referred to in (i), notice to the Principal Paying Agent (and, in the case of a redemption of Registered Notes, the Registrar, and, in the case of Uncertificated Notes, the VP Agent or the VPS Agent, as the case may be),

(both of which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s) provided that, in the case of a redemption of Subordinated Notes, (i) the Optional Redemption Date shall not fall before (but may fall after) the first day of the Issuer's financial year which falls seven years after the first day of the Issuer's financial year immediately following the Issue Date of the first Tranche of the Subordinated Notes of such Series provided always that the Issuer may redeem the Subordinated Notes of such Series on such earlier or later date as is permitted at the relevant time by German Federal Banking Law and which does not prejudice the status of the Subordinated Notes of such Series for the purposes of capital adequacy or the proportion which is allowable for such purposes (a "Permitted Redemption Date") and (ii) in each case upon prior notice to the Noteholders (which notice shall be irrevocable) given not less than two years before either the first day of the relevant financial year in which redemption is to occur or the Permitted Redemption Date, whichever is permitted by German Federal Banking Law to maintain the allowable proportion of the capital. DTC requires a notice to holders at least 30 days prior to the Optional Redemption Date. A notice period of less than 30 days will be managed on a best effort basis by DTC.

Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount or not more than a Maximum Redemption Amount, in each case as indicated in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("Redeemed Notes") will be selected individually by lot, in the case of Redeemed Notes represented by Definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) and/or DTC, as the case may be, in the case of Redeemed Notes represented by a Global Note and in accordance with the rules of VP, in the case of VP Notes and in accordance with the rules of VPS, in the case of VPS Notes, in each case not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "Selection Date"). In the case of Redeemed Notes represented by Definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 15 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by Definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of Definitive Notes outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a Global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant Global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this paragraph (c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 14 at least 5 days prior to the Selection Date.

*(d) Redemption of Senior Notes only at the Option of the Noteholders (Put Option)*

If Put Option is specified in the applicable Final Terms, upon the holder of any Senior Note giving to the Issuer in accordance with Condition 14 not less than 15 nor more than 30 days' notice or such other period of notice as is specified in the applicable Final Terms (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, such Senior Note on the Optional Redemption Date and at the Optional

Redemption Amount specified in, or determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date. DTC requires a notice to holders at least 30 days prior to the Optional Redemption Date. A notice period of less than 30 days will be managed on a best effort basis by DTC.

To exercise the right to require redemption of this Senior Note its holder must, if this Note is in definitive form and held outside of Euroclear and Clearstream, Luxembourg or any other agreed clearing system, deliver at the specified office of any Paying and Transfer Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) at any time during normal business hours of such Paying and Transfer Agent or, as the case may be, the Registrar, falling within the notice period, a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying and Transfer Agent or the Registrar (a “Put Notice”) and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this Condition accompanied by, if this Senior Note is in definitive form, this Senior Note or evidence satisfactory to the Paying and Transfer Agent or the Registrar concerned that this Senior Note will, following delivery of the Put Notice, be held its order or under its control.

If this Note is represented by a Global Note or is in definitive form and held through Euroclear, Clearstream, Luxembourg or any other agreed clearing system, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg, DTC or such other agreed clearing system (which may include notice being given on its instruction by any clearing system or any common depository or common safekeeper, as the case may be, for such clearing systems to the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) by electronic means) in a form acceptable to Euroclear, Clearstream, Luxembourg, DTC or the additional or alternative clearing system from time to time and, if this Note is represented by a Global Note, at the same time present or procure the presentation of the relevant Global Note to the Principal Paying Agent or the Registrar for notation accordingly.

If this Note is a VP Note, to exercise the right to require redemption of such Note, the holder thereof must, within the applicable notice period, give notice to the VP Agent of such exercise in accordance with the standard procedures of VP in effect from time to time.

If this Note is a VPS Note, to exercise the right to require redemption of such Note, the holder thereof must, within the applicable notice period, give notice to the VPS Agent of such exercise in accordance with the standard procedures of VPS in effect from time to time.

Any Put Notice given by a holder of any Note pursuant to this paragraph shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 10.

*(e) Early Redemption Amounts*

For the purpose of paragraph (b) above and Condition 10, each Note will be redeemed at its Early Redemption Amount calculated as follows:

- (i) in the case of a Note with a Final Redemption Amount equal to the Issue Price, at the Final Redemption Amount thereof; or
- (ii) in the case of a Note (other than a Zero Coupon Note but including an Instalment Note and a Partly Paid Note) with a Final Redemption Amount which is or may be less or greater than the Issue Price, at the amount specified in, or determined in the manner specified in, the applicable Final Terms or, if no such amount or manner is so specified in the Final Terms, at its nominal amount; or
- (iii) in the case of a Zero Coupon Note or when selected in the applicable Final Terms, at an amount (the “Amortised Face Amount”) calculated in accordance with the following formula:

$$\text{If annual: Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

If semi-annual: Early Redemption Amount =  $RP \times (1+(AY/2))^{2y}$

where:

“RP” means the Reference Price;

“AY” means the Accrual Yield expressed as a decimal; and

“y” is a fraction the numerator of which is equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator of which is 360.

- (iv) in the case of an Alternative Settlement Note which is payable in the Settlement Currency (as defined in Condition 5(c)(i)) at the amount calculated by the Calculation Agent by dividing the relevant Calculation Amount in the Denomination Currency by the Reference Rate (as defined in Condition 5(c)(i)) on the relevant Rate Fixing Date (as defined in Condition 5(c)(i)) prior to the date of early redemption, provided that the resulting Settlement Redemption Amount shall be rounded to the nearest whole cent of Settlement Currency, with 0.005 cent being rounded upwards.

*(f) Instalments*

Instalment Notes will be repaid in the Instalment Amounts and on the Instalment Dates. In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (e) above.

*(g) Partly Paid Notes*

If the Notes are Partly Paid Notes, they will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the applicable Final Terms.

*(h) Purchases*

The Issuer or any of its subsidiaries may at any time purchase Notes (provided that, in the case of Definitive Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. If purchases are made by tender, tenders must be available to all Noteholders alike. Such Notes may be held, re-issued, resold or, at the option of the Issuer, surrendered to any Paying and Transfer Agent or the Registrar for cancellation.

*(i) Cancellation*

All Notes which are redeemed will (subject to paragraph (h) above) forthwith be cancelled (together with all unmatured Receipts and Coupons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to paragraph (h) above (together with all unmatured Receipts and Coupons cancelled therewith) shall be forwarded to the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) and cannot be re-issued or resold. A notice in respect of any Uncertificated Notes so cancelled and any Uncertificated Notes purchased and cancelled pursuant to paragraph (h) above shall be forwarded to the Principal Paying Agent and the VP Agent or the VPS Agent, as the case may be, indicating such cancellation, and such Notes cannot be re-issued or resold.

*(j) Late Payment on Zero Coupon Notes*

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (a), (b), (c) or (d) above or upon its becoming due and repayable as provided in Condition 10 (in the case of a Senior Note) is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(iii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Principal Paying Agent or the Registrar and notice to that effect has been given to the Noteholder in accordance with Condition 14.

*(k) Business Day Convention*

If a Business Day Convention is specified in the applicable Final Terms in respect of the Maturity Date or the Optional Redemption Date and if (x) there is no numerically corresponding day in the calendar month in which the Maturity Date or Optional Redemption Date should occur or (y) the Maturity Date or Optional Redemption Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) the Following Business Day Convention, such Maturity Date or Optional Redemption Date shall be postponed to the next day which is a Business Day; or
- (2) the Modified Following Business Day Convention, such Maturity Date or Optional Redemption Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Maturity Date or Optional Redemption Date shall be brought forward to the immediately preceding Business Day; or
- (3) the Preceding Business Day Convention, such Maturity Date or Optional Redemption Date shall be brought forward to the immediately preceding Business Day.

**8. Withholding Tax**

All payments of principal and interest in respect of the Notes, Receipts and Coupons by the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the Federal Republic of Germany or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (i) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder who is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of its having some connection with the Federal Republic of Germany other than the mere holding of such Note, Receipt or Coupon or the receipt of principal or interest in respect thereof; or
- (ii) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder who would not be liable or subject to the withholding or deduction by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority (the effect of which is not to require the disclosure of the identity of the relevant Noteholder, Receiptholder or Couponholder); or
- (iii) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 6(g)); or
- (iv) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder who would not be liable or subject to such deduction or withholding if the payment could have been made by another Paying and Transfer Agent without such withholding or deduction; or
- (v) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder where no such deduction or withholding would have been required were the relevant Notes credited at the time of payment to a securities deposit account with a bank outside the Federal Republic of Germany; or
- (vi) presented for payment in the Federal Republic of Germany; or
- (vii) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to the European Council Directive 2003/48/EC (the "Savings Tax Directive") or any other Directive on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive; or

- (viii) presented for payment by or on behalf of a Noteholder, Receiptholder or Couponholder who would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying and Transfer Agent in a Member State of the European Union.

As used herein, the “Relevant Date” means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Paying Agent or the Registrar or, in the case of VP Notes, the holders of the VP Notes or, in the case of VPS Notes, the holders of the VPS Notes, as the case may be, on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 14.

## **9. Prescription**

The Notes, Receipts and Coupons will become void unless presented for payment within a period of ten years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 8) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 6(b) or any Talon which would be void pursuant to Condition 6(b).

Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Fixed Interest Date or the Interest Payment Date (as the case may be) on which the final Coupon comprised in the relative Coupon sheet matures.

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 14 as soon as practicable thereafter.

## **16. Further Issues**

## **17. Substitution of the Issuer**

(a) The Issuer may, without the consent of the Noteholders or Couponholders, when no payment of principal of or interest on any of the Notes is in default, be replaced and substituted by any directly or indirectly wholly owned subsidiary of the Issuer (the “Substituted Debtor”) for the Issuer as principal debtor in respect of the Notes and the relative Receipts and Coupons provided that:

- (i) a deed poll and such other documents (if any) shall be executed by the Substituted Debtor and the Issuer as may be necessary to give full effect to the substitution (together the “Documents”) and (without limiting the generality of the foregoing) pursuant to which the Substituted Debtor shall undertake in favour of each Noteholder and Couponholder to be bound by the Terms and Conditions of the Notes and the provisions of the Agency Agreement and the Deed of Covenant as fully as if the Substituted Debtor had been named in the Notes, and the relative Receipts and Coupons, the Agency Agreement and the Deed of Covenant as the principal debtor in respect of the Notes and the relative Receipts and Coupons in place of the Issuer and pursuant to which the Issuer shall guarantee, which guarantee shall be unconditional and irrevocable, (the “Guarantee”) in favour of each Noteholder and each holder of the relative Receipts and Coupons the payment of all sums (including any additional amounts payable pursuant to Condition 8) payable in respect of the Notes and the relative Receipts and Coupons and all amounts payable under the Deed of Covenant in respect of Noteholders;
- (ii) where the Substituted Debtor is incorporated, domiciled or resident for taxation purposes in a territory other than the Federal Republic of Germany, the Documents shall contain a covenant and/or such other provisions as may be necessary to ensure that each Noteholder has the benefit of a covenant in terms corresponding to the provisions of Condition 8 with the substitution for the references to the Federal Republic of Germany of references to the territory in which the Substituted Debtor is incorporated, domiciled and/or resident for taxation purposes. The Documents shall also contain a covenant by the Substituted Debtor and the Issuer to indemnify and hold harmless each Noteholder and Couponholder against all liabilities, costs, charges and expenses, provided that insofar as the liabilities, costs, charges and expenses are taxes or duties, the same arise by reason of a law or regulation having legal effect or being in reasonable contemplation thereof on the date such substitution becomes effective which may be incurred by or levied against such holder as a result of any substitution pursuant to this Condition and which would not have been so incurred or levied had such substitution not been made (and, without limiting the foregoing, such liabilities, costs, charges and expenses shall include any and all taxes or duties which are imposed on any such Noteholder or Couponholder by any political sub-division or taxing authority of any country in which such Noteholder or Couponholder resides or is subject to any such tax or duty and which would not have been so imposed had such substitution not been made);
- (iii) the Documents shall contain a warranty and representation by the Substituted Debtor and the Issuer (a) that each of the Substituted Debtor and the Issuer has obtained all necessary governmental and regulatory approvals and consents for such substitution and the performance of its obligations under the Documents, and that all such approvals and consents are in full force and effect and (b) that the obligations assumed by each of the Substituted Debtor and the Issuer under the Documents are all valid and binding in accordance with their respective terms and enforceable by each Noteholder;

- (iv) each stock exchange which has Notes listed thereon shall have confirmed that following the proposed substitution of the Substituted Debtor such Notes would continue to be listed on such stock exchange;
- (v) the Substituted Debtor shall have delivered to the Principal Paying Agent or procured the delivery to the Principal Paying Agent of a legal opinion from a leading firm of local lawyers acting for the Substituted Debtor to the effect that the Documents constitute legal, valid and binding obligations of the Substituted Debtor, such opinion to be dated not more than 3 days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders and Couponholders at the specified office of the Principal Paying Agent;
- (vi) the Issuer shall have delivered to the Principal Paying Agent or procured the delivery to the Principal Paying Agent of a legal opinion from the internal legal adviser to the Issuer to the effect that the Documents (including the Guarantee) constitute legal, valid and binding obligations of the Issuer, such opinion to be dated not more than 3 days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders and Couponholders at the specified office of the Principal Paying Agent;
- (vii) the Issuer shall have delivered to the Principal Paying Agent or procured the delivery to the Principal Paying Agent of a legal opinion from a leading firm of English lawyers to the effect that the Documents (including the Guarantee) constitute legal, valid and binding obligations of the Substituted Debtor and the Issuer under English law, such opinion to be dated not more than 3 days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders and Couponholders at the specified office of the Principal Paying Agent; and
- (viii) the Substituted Debtor shall have appointed a process agent as its agent in England to receive service of process on its behalf in relation to any legal action or proceedings arising out of or in connection with the Notes, the relative Receipts or Coupons or the Documents.

(b) In connection with any substitution effected pursuant to this Condition, neither the Issuer nor the Substituted Debtor need have any regard to the consequences of any such substitution for individual Noteholders or Couponholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and no Noteholder or Couponholder, except as provided in Condition 17(a)(ii), shall be entitled to claim from the Issuer or any Substituted Debtor under the Notes and the relative Receipts and Coupons any indemnification or payment in respect of any tax or other consequences arising from such substitution.

(c) In respect of any substitution pursuant to this Condition in respect of Subordinated Notes of any Series, substitution shall not take effect unless (a) the Substituted Debtor is a subsidiary (*Tochterunternehmen*) of the Issuer within the meaning of sections 1(7) and 10(5a) (eleventh sentence) of the German Banking Act (*Kreditwesengesetz*) which has been established solely for the purpose of raising funds; (b) the obligations assumed by the Substituted Debtor in respect of the Subordinated Notes and the Coupons and Receipts relating to them are subordinated on terms identical to the terms of the Subordinated Notes; (c) the Substituted Debtor deposits an amount which is equal to the aggregate principal amount of the Subordinated Notes with the Issuer on terms equivalent, including in respect of subordination, to the terms and conditions of the Subordinated Notes, and (d) the Issuer guarantees the obligations of the Substituted Debtor in respect of the Subordinated Notes and the Coupons and Receipts relating to them on a subordinated basis on terms equivalent to the terms of the Subordinated Notes regarding subordination.

(d) With respect to Subordinated Notes, the Issuer shall be entitled, by notice to the Noteholders given in accordance with Condition 14, at any time to waive all and any rights to effect a substitution of the principal debtor pursuant to this Condition. Any such notice shall be irrevocable.

(e) Upon the execution of the Documents as referred to in paragraph (a) above, the Substituted Debtor shall be deemed to be named in the Notes and the relative Receipts and Coupons as the principal debtor in place of the Issuer and the Notes and the relative Receipts and Coupons shall thereupon be deemed to be amended to give effect to the substitution. The execution of the Documents shall operate to release the Issuer as issuer from all of its obligations as principal debtor in respect of the Notes and the relative Receipts and Coupons except that any claims under the Notes and the relative Receipts and Coupons prior to release shall inure for the benefit of Noteholders and Couponholders.

(f) The Documents shall be deposited with and held by the Principal Paying Agent for so long as any Notes or Coupons remain outstanding and for so long as any claim made against the Substituted Debtor by any Noteholder or Couponholder in relation to the Notes or the relative Receipts and Coupons or the Deed of Covenant or the Documents shall not have been finally adjudicated, settled or discharged. The Substituted Debtor and the Issuer shall acknowledge in the Documents the right of every Noteholder and Couponholder to the production of the Documents for the enforcement of any of the Notes or the relative Receipts and Coupons or the Documents.

(g) Not later than 15 business days after the execution of the Documents, the Substituted Debtor shall give notice thereof to the Noteholders in accordance with Condition 14.

## DESCRIPTION OF THE ISSUER

### Introduction

Landwirtschaftliche Rentenbank is a federal public law institution with legal capacity (*rechtsfähige Anstalt des öffentlichen Rechts*). It was established on 1st June, 1949 by virtue of the Law Governing Landwirtschaftliche Rentenbank of 11th May, 1949 (*Gesetz über die Landwirtschaftliche Rentenbank*; the “Rentenbank Law”). It is registered with the Commercial Register of the Local Court of Frankfurt / Main under HRA 30636. Pursuant to the Rentenbank Law, the Issuer has the function to act as central refinancing agency for the agriculture and food industries. In its capacity as a statutory institution, the Issuer benefits from the “*Anstaltslast*”, or institutional liability, of the Federal Republic of Germany and is exempt from German corporate income tax (*Körperschaftsteuer*) and trade tax (*Gewerbesteuer*). Its registered office is located at Hochstrasse 2, 60313 Frankfurt / Main, Federal Republic of Germany; its telephone number is +49-69-2107-0. The Issuer does not maintain any branches.

At 31st December, 2012, the Issuer’s consolidated liable capital under the International Financial Reporting Standards amounted to EUR 3,445.4 million.

The Issuer’s subscribed capital of EUR 135 million was raised under the Law on the Rentenbank Land Charge over a period of ten years following its enactment in May 1949, through contributions paid in by the owners and lessees of land permanently used for agricultural, forestry and market garden purposes. Accordingly, any unappropriated annual profits remaining after allocations to reserves may only be used for promoting agriculture whilst protecting the general public interest. Upon the dissolution of the Issuer – which may only be effected by law – its net assets remaining after payment of all outstanding obligations may only be applied toward the support and promotion of agriculture and agricultural research in the interest of the public at large.

The Issuer is neither directly nor indirectly owned or controlled by any entity, including any of the parties to the Programme.

The Issuer’s statutory bodies are the Board of Managing Directors, the Advisory Board and the General Meeting. The business address of each of the members of the Board of Managing Directors and the Advisory Board named below is Hochstrasse 2, 60313 Frankfurt / Main, Federal Republic of Germany.

- (1) The *Bundesrat*, the upper house of Germany's parliament, has established a rotational system pursuant to which every two years a different set of German states is represented on the Issuer's Advisory Board.

There are no conflicts or potential conflicts of interest between the duties of each member of the Advisory Board to the Issuer and such member's private interests or other duties.

### **General Meeting**

According to the Rentenbank Law, each year a General Meeting must be held. The General Meeting consists of 28 members representing owners and lessees of land subject to the Issuer's land charges. The General Meeting advises the Bank in matters of the promotion of agriculture and rural areas as well as on general agricultural and business policy issues. Furthermore, it decides on the appropriation of the promotional fund in accordance with the Rentenbank Law. The General Meeting receives reports of the Management Board on the Issuer's business activities and of the Advisory Board on resolutions adopted by the Advisory Board.

### **Supervision of the Issuer**

The Issuer is subject to the supervision of the Federal government of Germany through the German Federal Ministry of Food, Agriculture and Consumer Protection, which exercises its supervision in concert with the Federal Ministry of Finance. The statutory function of the supervising authority is to ensure that the operations of the Issuer adhere to public interest in promotion of agriculture and rural areas and are in compliance with German law. The supervising authority may request information regarding the Issuer's operational matters, inspect books and records and participate in all Advisory Board meetings and General Meetings with the authority to issue motions and to comment on topics at such meetings. In addition, the supervising authority has the authority to schedule a meeting of any of the Issuer's three governing bodies and is authorised to prevent the implementation of any resolution that is against public interest or violates German law.

As a bank engaged in banking business as defined under the German Banking Act (*Kreditwesengesetz*), the Issuer is also subject to the supervision by the German Federal Financial Supervisory Authority.

### **Institutional Liability (Anstaltslast)**

The Issuer benefits from the "*Anstaltslast*", or institutional liability, of the Federal Republic of Germany, which means that the Federal Republic of Germany will (i) safeguard the economic basis of the Issuer, (ii) keep it in a position to pursue its operations throughout its existence as a statutory body under public law and (iii) in the event of its financial difficulties, enable it by financial contribution or in some other appropriate manner to perform its obligations when due. This duty under public law exists solely as between the Federal Republic of Germany and the Issuer and not between the Federal Republic of Germany and any third party.

The Federal Republic of Germany would not, under *Anstaltslast*, be permitted to wait for the Issuer to default on an obligation; the Federal Republic of Germany would be required on its own authority to take steps to enable the Issuer to perform its obligation when due. Moreover, under German law, the Issuer

would be required to enforce its rights against the Federal Republic of Germany in the event it needed to do so in order to meet its obligations to third parties, including holders of any of the Issuer's securities. Accordingly, while *Anstaltslast* does not constitute a formal guarantee of the Issuer's obligations by the Federal Republic of Germany and creditors of the Issuer do not have a direct claim against the Federal Republic of Germany under *Anstaltslast*, the effect of *Anstaltslast* is that the Issuer's obligations are fully backed by the credit of the Federal Republic of Germany. The obligation of the Federal Republic of Germany under *Anstaltslast* would constitute a charge on public funds that, as a legally established obligation, would be payable without the need for any appropriation or any other action by the German Parliament.

On 1st March, 2002, representatives of the Federal Government and the Commission of the European Union reached an understanding on the treatment of state guarantees for federal development banks such as the Issuer for the purposes of the European Union state aid rules. Pursuant to the agreement, the use of advantages for special credit institutions immanent to *Anstaltslast* and other state guarantees relevant under the state aid rules is permitted for the performance of promotional tasks at the request of the state in areas such as financing of small and medium enterprises ("SMEs"), infrastructure, environmentally-friendly investment, housing and co-operation with developing countries. Activities, which do not fall under the areas specified in the state aid rules, must be either discontinued by the special credit institutions or hived-off to legally independent subsidiaries without state support.

With the adoption of the German Federal Development Banks New Restructuring Law (*Förderbanken-Neustrukturierungsgesetz*), the description of the Issuer's permissible activities in the Rentenbank Law was conformed to the language in respect of which the Federal Republic and the Commission of the European Union reached an understanding on 1st March, 2002.

Based on the foregoing, the Issuer does not currently expect that it will be required to either discontinue or separately incorporate any material portion of its present business activities as a result of the understanding.

### **Principal Activities**

According to the Rentenbank Law, the Issuer's principal business is providing loans and other types of financing for the agriculture industry (including forestry, horticulture and fishing) and related upstream and downstream industries as well as for renewable energies and for rural development. The principal purpose of loans granted is the promotion of agriculture and agri-business.

As a central refinancing agency, the Issuer mainly extends loans via other banks. In principle, the Issuer will provide any financial institution involved in the Federal Republic of Germany with promotional loans, irrespective of its corporate form or connections, to avoid competitive distortions. Credit is also provided by making loans to, and by purchasing the debt securities of, German and European banks as well as German federal states. The volume of new loan commitments (excluding renewals) amounted to EUR 10.4 billion in 2012.

The Issuer provides credit to financial institutions to be loaned to borrowers engaged in the following activities:

- *Agriculture, Forestry, Horticulture and Fishing.* This sector includes borrowers engaged in all types of agriculture production, forestry, horticulture and fishing. It also includes borrowers engaged in related businesses such as manufacturers and distributors of machinery, fertilizers and other goods used in farming, forestry and fishing as well as commercial and service businesses with close links to agriculture and forestry (for example, those trading in rural products, timber, livestock or agricultural equipment).
- *Food Industry.* Eligible borrowers in this sector include businesses involved in the processing or distribution of food products in all market segments, including businesses in the commodity and luxury food industries and the food trade.
- *Renewable Energy.* This sector includes businesses involved in the production of power, heat or fuel based on biomass, including biogas-production and biomass-fuel-production. This sector also covers lending for photovoltaic power plants or wind turbines, if borrowers linked to agriculture, forestry, horticulture, fishing or food industry.

- *Rural Infrastructure.* This category covers lending for activities intended to improve rural infrastructure, including drinking water treatment and distribution, sewage and waste treatment, land consolidation, environmental protection, public transportation, housing and job creation and protection in rural communities as well as broadband internet activities. As a rule, eligible projects must be in communities with populations of fewer than 50,000 persons.

The Issuer obtains funding for its activities both domestically and internationally through interbank loans and issuances in the capital and money markets, the participation in open market transactions with the European Central Bank (“ECB”) and loans and other funding transactions with German and international institutional lenders.

### **Subsidiaries**

The Issuer draws up consolidated accounts with LR Beteiligungsgesellschaft mbH (“LRB”), a wholly owned subsidiary. LRB has a share capital of EUR 28.6 million and serves as a holding company. In 1998, DSV Silo- und Verwaltungsgesellschaft mbH (“DSV”), which is held entirely by LRB, was included in the Issuer’s consolidated accounts for the first time. The share capital of DSV amounted to EUR 17.9 million as at 31st December, 2012.

### **Recent Developments**

#### *Consolidated Data*

The financial data in this section is based on preliminary, unaudited results for Landwirtschaftliche Rentenbank’s quarter ended 31st March, 2013, derived from the Issuer’s press release of 22nd April, 2013.

The first quarter of 2013 was characterised by a continuing high demand for the Issuer’s special promotional loans. These loans granted at particularly favourable interest rates for specific promotional purposes and assistance measures amounted to EUR 1,286.8 million (first quarter 2012: EUR 1,327.2 million).

From the total anticipated medium and long-term issue requirement of prospective EUR [10.0] billion for 2013, the Issuer was already able to raise EUR 4.5 billion in the first quarter (first quarter 2012: EUR 4.4 billion). Issue volume, including short-term issues (except for issuance under the European commercial paper programme), reached a total of EUR 4.5 billion during the first quarter of 2013 (first quarter 2012: EUR 4.4 billion).

#### *Relationship with the Federal Republic*

Against the background of planned regulatory changes in Europe, in particular in connection with the implementation of Basel III in the European Union (CRD IV/CRR), the German Federal Cabinet decided on 22nd August, 2012 to introduce a draft bill to the German Parliament amending the Rentenbank Law, which passed the German Parliament (Deutscher Bundestag) on 16th May, 2013. If enacted, the proposed bill will establish, in addition to the existing institutional liability (*Anstaltslast*), a government guaranty for the obligations of the Issuer. Subject to completion on the legislative procedure the guarantee will come into effect on 1st January, 2014.

#### *Management*

At its meeting on September 13, 2012, the Advisory Board of Landwirtschaftliche Rentenbank appointed Ms. Imke Etori as a new member of the Board of Managing Directors. Since January 1, 2013, she is responsible for Rentenbank’s credit risk management and operations financial markets as a divisional board member and will serve as a full member of the Board of Managing Directors as of September 1, 2014.

## TAXATION

### Federal Republic of Germany

The following is a general discussion of certain German tax consequences of the acquisition and ownership of Notes. It does not purport to be a comprehensive description of all tax considerations which may be relevant to a decision to purchase Notes, and, in particular, does not consider any specific facts or circumstances that may apply to a particular purchaser. This summary is based on the laws of the Federal Republic of Germany currently in force and as applied on the date of this Base Prospectus, which are subject to change, in some cases with retroactive or retrospective effect.

*Prospective purchasers of Notes are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposition of Notes, including the effect of any state or local taxes, under the tax laws of the Federal Republic of Germany and each country of which they are residents.*

#### Income Tax

##### Notes Held by Tax Residents as Private Assets

*Taxation of Interest.* Payments of interest on the Notes to holders who are tax residents of Germany (*i.e.*, persons whose residence or habitual abode is located in Germany) are subject to German income tax (*Einkommensteuer*). In each case where German income tax liability arises, a solidarity surcharge (*Solidaritätszuschlag*) is levied in addition to such tax. Furthermore, Church tax may be levied, where applicable. If coupons or interest claims are disposed of separately (*i.e.*, without the Notes), the proceeds from the disposition are subject to income tax. The same applies to proceeds from the redemption of coupons or interest claims if the Notes are disposed of separately.

Payments of interest on the Notes to individual tax residents of Germany are generally subject to a flat income tax at a rate of 25 per cent. (plus solidarity surcharge in an amount of 5.5 per cent. of such tax, resulting in a total tax charge of 26.375 per cent., and, if applicable, church tax).

The total investment income of an individual will be decreased by a lump sum deduction (*Sparer-Pauschbetrag*) of EUR 801 (EUR 1,602 for married couples filing jointly), not by a deduction of expenses actually incurred.

If the Notes are held in a custodial account which the Noteholder maintains with a German branch of a German or non-German credit institution (*Kreditinstitut*) or financial services institution (*Finanzdienstleistungsinstitut*) or with a securities trading business (*Wertpapierhandelsunternehmen*) or with a securities trading bank (*Wertpapierhandelsbank*) (each within the meaning of the German Banking Act (*Kreditwesengesetz*)) in Germany (the “Disbursing Agent”), or where the Notes are not held in a custodial account and a Disbursing Agent disburses or credits to a Noteholder (other than a non-German bank or a non-German financial services institution) the proceeds from the Notes on delivery of a coupon or Notes, the flat income tax will be levied by way of withholding at the aforementioned rate from the gross interest payment to be made by the Disbursing Agent.

In general, no withholding tax will be levied if the Noteholder is an individual (i) whose Note does not form part of the property of a trade or business and (ii) who filed a withholding exemption certificate (*Freistellungsauftrag*) with the Disbursing Agent but only to the extent the interest income derived from the Note together with other investment income does not exceed the maximum exemption amount shown on the withholding exemption certificate. Similarly, no withholding tax will be deducted if the Noteholder has submitted to the Disbursing Agent a certificate of non-assessment (*Nichtveranlagungsbescheinigung*) issued by the relevant local tax office.

If no Disbursing Agent is involved in the payment process the Noteholder will have to include its income on the Notes in its tax return and the flat income tax of 25 per cent. (plus the solidarity surcharge and, if applicable church tax) will be collected by way of assessment.

Payment of the flat income tax will generally satisfy any income tax liability (including the solidarity surcharge and, if applicable, church tax) of the Noteholder in respect of such investment income. Noteholders may apply for a tax assessment on the basis of general rules applicable to them if the resulting income tax burden is lower than 25 per cent.

*Taxation of Capital Gains.* Capital gains from the disposition or redemption of the Notes will also be subject to the flat income tax on investment income at a rate of 25 per cent. (plus solidarity surcharge in an

amount of 5.5 per cent. of such tax, resulting in a total tax charge of 26.375 per cent. and, if applicable, church tax), irrespective of any holding period. This also applies to Notes on which the principal is effectively repaid in whole or in part although the repayment was not guaranteed.

If the Notes are held in a custodial account which the Noteholder maintains with a Disbursing Agent the flat income tax will be levied by way of withholding from the difference between the redemption amount (or the proceeds from the disposition) and the issue price (or the purchase price) of the Notes. If the Notes have been transferred to the custodial account of the Disbursing Agent only after their acquisition, and no evidence on the acquisition data has been provided to the new Disbursing Agent by the Disbursing Agent which previously held the Notes in its custodial account, or where the Notes are not held in a custodial account and a Disbursing Agent disburses or credits to a Noteholder (other than a non-German bank or a non-German financial services institution) the proceeds from the Notes on delivery of a Note, withholding tax will be levied on 30 per cent. of the proceeds from the disposition or redemption of the Notes.

If no Disbursing Agent is involved in the payment process the Noteholder will have to include capital gains from the disposition or redemption of the Notes in its tax return and the flat income tax of 25 per cent. (plus solidarity surcharge and, if applicable, church tax) will be collected by way of assessment.

Payment of the flat income tax will generally satisfy any income tax liability (plus the solidarity surcharge and, if applicable, church tax) of the Noteholder in respect of such investment income. Noteholders may apply for a tax assessment on the basis of general rules applicable to them if the resulting income tax burden is lower than 25 per cent.

#### Notes Held by Tax Residents as Business Assets

Payments of interest on the Notes and capital gains from the disposition or redemption of Notes held as business assets by German tax resident individuals or corporations (including via a partnership, as the case may be), are generally subject to German income tax or corporate income tax (in each case plus the solidarity surcharge and, if applicable, church tax in case of individuals). Interest and capital gains will also be subject to trade tax if the Notes form part of the property of a German trade or business. The trade tax rate depends on the municipal multiplier of the respective municipality.

If the Notes are held in a custodial account which the Noteholder maintains with a Disbursing Agent, or where the Notes are not held in a custodial account and a Disbursing Agent disburses or credits to a Noteholder (other than a non-German bank or a non-German financial services institution) the proceeds from the Notes on delivery of a coupon or Note, tax at a rate of 25 per cent. (plus a solidarity surcharge of 5.5 per cent. of such tax) will also be withheld from interest payments on Notes and generally also from capital gains from the disposition or redemption of Notes held as business assets. In these cases, the withholding tax does not satisfy the income tax liability of the Noteholder, as in the case of the flat income tax, but will be credited as advance payment against the personal income or corporate income tax liability (plus the solidarity surcharge and, if applicable, church tax in case of individuals) of the Noteholder.

With regard to capital gains no withholding will generally be required for Notes held by corporations resident in Germany, provided that, regarding corporations of certain legal forms, the status of the corporation has been evidenced by a certificate of the competent tax authority. The same also applies upon application in the case of Notes held by individuals or partnerships as business assets.

#### Notes Held by Non-Residents

Interest and capital gains are not subject to German taxation in the case of non-residents, (*i.e.*, persons having neither their residence nor their habitual abode nor legal domicile nor place of effective management in Germany), unless the Notes form part of the business property of a permanent establishment (*Betriebsstätte*) including a permanent representative (*ständiger Vertreter*) maintained in Germany. Interest may, however, also be subject to German income tax if it otherwise constitutes taxable income in Germany such as income from the letting and leasing of certain German-situs property or income from certain capital investments directly or indirectly secured by German-situs real estate.

Non-residents of Germany are, in general, exempt from German withholding tax on interest and capital gains and from solidarity surcharge thereon. However, if the interest or capital gain is subject to German taxation as set forth in the preceding paragraph and the Notes are held in a custodial account with a Disbursing Agent or the Notes are not held in a custodial account and a Disbursing Agent disburses or credits to a non-resident of Germany (other than a non-German bank or a non-German financial services

institution) the proceeds from the Notes on delivery of a coupon or Note, withholding tax will be levied as explained above under “— Notes Held by Tax Residents as Private Assets” or under “— Notes Held by Tax Residents as Business Assets,” respectively.

#### *Inheritance and Gift Tax*

No inheritance or gift taxes with respect to any of the Notes will arise under the laws of Germany, if, in the case of inheritance tax, neither the decedent nor the beneficiary, or, in the case of gift tax, neither the donor nor the donee, is a resident of Germany and such Notes are not attributable to a German trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in Germany. Exceptions from this rule apply to certain German citizens who previously maintained a residence in Germany.

#### *Other taxes*

No stamp, issue, registration or similar taxes or duties will be payable in Germany in connection with the issuance, delivery or execution of the Notes. Currently, net assets tax (*Vermögensteuer*) is not levied in Germany.

#### **United Kingdom**

The following is a general discussion of whether United Kingdom tax will be withheld at source from the payment of interest on the Notes. It is based on laws of the United Kingdom as at the date of this document and is subject to change, possibly with retrospective effect. The comments do not purport to be a complete analysis of all United Kingdom tax considerations relating to the Notes. They relate only to the position of persons who are the absolute beneficial owners of their Notes and may not apply to certain classes of persons such as dealers. They do not necessarily apply where the income is deemed for tax purposes to be the income of any other person.

*Prospective purchasers of Notes are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposition of Notes, including the effect of any taxation under the laws of the United Kingdom.*

Under current laws of the United Kingdom, provided the Notes are listed on a “recognised stock exchange” as defined for the purposes of sections 882 and 987 of the Income Tax Act 2007 and/or interest paid on the Notes is not treated as having a United Kingdom source, no person by or through whom a payment of interest on the Notes is made will be obliged to deduct from it any amount in respect of taxation in the United Kingdom.

Whilst not conclusive, an important factor in determining whether any payment of interest has a UK source is the residence of the Issuer. On the basis that the Issuer is not resident in the United Kingdom it is unlikely that any payments of interest on the Notes will have a United Kingdom source for United Kingdom tax purposes.

Noteholders should note that where any interest on Notes is paid to them (or to any person acting on their behalf) by the Principal Paying Agent or any other person in the United Kingdom acting on behalf of the Issuer (a “Paying Agent”), or is received by any person in the United Kingdom acting on behalf of the relevant Noteholder (other than solely by clearing or arranging the clearing of a cheque) (a “Collecting Agent”), the Principal Paying Agent, the Paying Agent or the Collecting Agent (as the case may be) may, in certain cases, be required to supply to Her Majesty’s Revenue and Customs (“HMRC”) details of the payment and certain details relating to the Noteholder (including the Noteholder’s name and address). These provisions will apply whether or not the Noteholder is resident in the United Kingdom for United Kingdom tax purposes. In certain circumstances, the details provided to HMRC may be passed by HMRC to the tax authorities of certain other jurisdictions.

#### **Grand Duchy of Luxembourg**

The following summary is of a general nature and is included herein solely for preliminary information purposes. It is a description of the material Luxembourg tax consequences with respect to payments on Notes, Receipts and Coupons through a paying agent established in Luxembourg. The summary does not purport to be a comprehensive description of all of the tax considerations that may be relevant to any prospective investor and may not include tax considerations that arise from rules of general application or that are generally assumed to be known to Noteholders, Receiptholders or Couponholders. This summary is based on the laws in force in Luxembourg on the date of this Base Prospectus and is subject

to any change in law that may take effect after such date. It is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Notes, Receipts and Coupons should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

#### *Withholding Tax*

##### Resident Noteholders/Couponholders/Receiptholders

Under the Luxembourg law dated 23rd December, 2005, a 10 per cent. Luxembourg withholding tax is levied on interest payments made by Luxembourg paying agents to Luxembourg individual residents or certain foreign resident entities securing the interest payment for such individual residents. This withholding tax also applies on accrued interest received upon sale, redemption or repurchase of the Notes. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth.

##### Non-resident Noteholders/Couponholders/Receiptholders

Under the Luxembourg tax law currently in effect and subject to the application of the Luxembourg laws dated 21st June, 2005 (the “Luxembourg Laws”) implementing the Savings Tax Directive and several agreements concluded between Luxembourg and certain dependant territories of the European Union, there is no withholding tax on payments of interests (including accrued but unpaid interest) made to a Luxembourg non-resident Noteholder, Couponholder or Receiptholder. See also “— European Union Savings Tax Directive”. There is also no Luxembourg withholding tax, upon repayment of the principal, or subject to the application of the Luxembourg Laws, upon redemption or exchange of the Notes, Coupons or Receipts.

Under the Luxembourg Laws, a Luxembourg based paying agent is required to withhold tax on interest and other similar income (including reimbursement premium received at maturity) paid by it to (or under certain circumstances, to the benefit of) an individual or a residual entity, resident or established in another Member State of the European Union unless the beneficiary of the interest payments elects for an exchange of information. The same regime applies to payments to individuals or residual entities resident or established in any of the following territories: Aruba, British Virgin Islands, Guernsey, Isle of Man, Jersey, Montserrat, Curaçao, St Marteen (Netherlands part), Bonaire, St Eustasius and Saba.

The withholding tax will be levied at a rate of 35 per cent. The withholding tax system will only apply during a transitional period, the ending of which depends on the conclusion of certain agreements relating to information exchange with certain other countries.

In each case described here above, responsibility for the withholding tax will be assumed by the Luxembourg paying agent.

When used in this section, “interest”, “residual entity” and “paying agent” have the meaning given thereto in the Luxembourg Laws.

#### **Kingdom of Belgium**

The following is a general discussion of whether Belgian tax will be withheld at source from the payment of interest on the Notes. It is based on the laws of Belgium as at the date of this document and is subject to change, possibly with retroactive effect.

*This description is not exhaustive of all possible tax considerations and prospective purchasers of Notes are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposition of the Notes, including the effect of any taxation under the laws of Belgium.*

For Belgian income tax purposes, the Notes constitute fixed income securities. In case of sale of a Note before its expiration date, the gain resulting from the accrued interest is taxable income for the period the securities are held.

#### *Withholding Tax*

Under Belgian law currently in effect, in principle, a 25 per cent. Belgian withholding tax has to be withheld if and to the extent that a financial intermediary established in Belgium is involved in the payment of interest in respect of the Notes (including capitalized and/or accrued interest included in the sale price of

the Notes in case of a disposition) to Belgian residents. No withholding tax applies to the reimbursement of the principal of the Notes.

#### Resident Individuals

Such withholding tax constitutes the final Belgian tax on interest income in the hands of Belgian resident individuals holding the Notes as private investment. The payment of the 25 per cent. withholding tax fully discharges them from their tax liability with respect to these interest payments. Individuals may nevertheless elect to declare the interest in their personal income tax return. In such a case, interest payments will normally be taxed at a rate of 25 per cent. If the interest payment is declared, the withholding tax may be credited and possibly refunded in case of excess.

If no withholding tax has been withheld, Belgian resident individuals will have to declare such interest income in their tax returns and pay income tax at a rate of 25 per cent.

It should be noted that other rules may apply in specific situations and more specifically if a Belgian resident individual uses the Notes for business purposes or if he carries out transactions with the Notes that are deemed to be outside the normal management of his private assets.

#### Resident Companies

Belgian corporate entities subject to Belgian corporate income tax can obtain an exemption from withholding tax on interest paid in respect of the Notes, provided that the corporate entity provides a certificate to the professional intermediary in which it declares to be a Belgian resident company. Such exemption is not available, however, in case of capitalized interest or for zero coupons.

Belgian resident companies furthermore need to declare the income from the Notes as taxable income but may benefit from a tax credit for any Belgian withholding tax against their corporate income tax. Such tax credit has to be calculated on a *pro rata* basis, taking into account the period during which the company has had full ownership of the Notes compared with the total period to which the interest relates. A full credit will only be available if the company has had the full ownership of the Notes during the whole period to which the interest relates or longer. Belgian companies are fully taxed on gains resulting from the Notes while any loss is in principle tax-deductible.

Belgium furthermore grants a flat-rate tax credit for foreign taxes paid if and to the extent that the Notes are used for a business activity in Belgium. Like the abovementioned tax credit, this foreign tax credit also has to be calculated on a *pro rata* basis, taking into account the actual period during which the beneficiary has had the full ownership of the Notes.

#### Resident Legal Entities

The withholding tax constitutes the final Belgian tax on interest income in the hands of Belgian resident legal entities subject to the Belgian legal entity tax (*rechtspersonenbelasting/impôt des personnes morales*) unless they qualify as an Eligible Investor. Belgian legal entities which qualify as Eligible Investors and which consequently have received gross interest income are required to pay the amount of the Belgian withholding tax themselves.

Capital gains realised on the disposal of the Notes are as a rule tax exempt. Capital losses are in principle not tax deductible.

#### Non-resident Individuals

If interest income on the Notes (including capitalized and/or accrued interest included in the sale price of the Notes in case of a disposal) is paid to a non-resident through a Belgian financial intermediary, the latter will, in principle, have to deduct Belgian withholding tax at a rate of 25 per cent., subject to any reductions or exemptions available under a treaty for the avoidance of double taxation which Belgium may have with the country of residence of the Noteholder. No withholding tax applies to the reimbursement of the principal of the Notes.

To the extent that Belgian withholding tax would need to be withheld by a Belgian financial intermediary, non-residents can, provided that the Issuer has not charged the interest expenses to a Belgian permanent establishment which it may have, obtain an exemption from withholding tax if they file a declaration with the financial intermediary stating that (i) they are not a Belgian resident; (ii) the financial instruments are not used to pursue a business activity in Belgium; and (iii) they have the full legal ownership or usufruct of the Notes.

## Non-resident corporate entities

Non-resident corporate entities can also obtain an exemption from withholding tax to the extent that they provide a certificate to the financial intermediary in which they declare that they are subject to the Belgian income tax as a non-resident corporate entity and use the Notes for a business activity in Belgium. The latter exemption does not apply, however, in case of capitalized interest and zero coupons. Non-resident companies with a permanent establishment in Belgium which use the Notes to pursue a business activity in Belgium can also benefit from a tax credit, subject to the same conditions as a resident corporate entity.

## EU Savings Tax Directive

Belgium has implemented the Savings Tax Directive. Under the Savings Tax Directive, an exchange of information system is established between the Member States and certain other territories listed in the Savings Tax Directive (the “Territories”), regarding interest and similar income payments paid by a paying agent established in one Member State or Territory to or for the benefit of an individual resident in another Member State or Territory. Under the Savings Tax Directive, the Member State or Territory in which the paying agent making the payment is a resident has to provide details of such interest or similar income payment to the tax authorities of the Member State or Territory where the individual/beneficial owner is a resident. See also “—European Union Savings Tax Directive”. This means that Belgium will provide details on interest payments within the meaning of the EU Savings Directive.

## The Netherlands

The following is a general summary of whether Dutch tax will be withheld at source from the payment of interest and principal on Notes. It is based on the tax laws of The Netherlands (unpublished case law not included) as it stands on the date of this Base Prospectus. The laws upon which this summary is based are subject to change, possibly with retroactive effect. Any such change may invalidate the contents of this summary, which will not be updated to reflect such change. This summary assumes that the terms and conditions of each transaction with respect to Notes are at arm’s length.

*Prospective holders of Notes are advised to consult their own tax advisers as to the tax consequences of the acquisition, ownership and disposition of Notes in their particular circumstances, including the effect of any taxation under the laws of The Netherlands.*

All payments of interest and principal under Notes may be made free from withholding or deduction of or for any taxes of whatever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority of or in The Netherlands, except where the Issuer is a tax resident of The Netherlands for Dutch dividend withholding tax purposes and Notes (i) are issued under such terms and conditions that such Notes are capable of being classified as equity of the Issuer for Dutch tax purposes, (ii) actually function as equity of the Issuer within the meaning of article 10(1)(d) of the Dutch Corporation Tax Act 1969 (*Wet op de vennootschapsbelasting 1969*), or (iii) are issued that are redeemable in exchange for, convertible into or linked to shares or other equity instruments issued or to be issued by the Issuer or by any entity related to the Issuer.

## Kingdom of Denmark

The following is a general discussion of whether Danish tax will be withheld at source from payments under the Notes. It is based on the tax law of the Kingdom of Denmark as it stands on the date of this Base Prospectus. The laws upon which it is based are subject to change, possibly with retroactive effect.

*Prospective purchasers of Notes are advised to consult their own tax advisers as to the tax consequences of the purchase, ownership and disposition of Notes, including the effect of any taxation under the laws of the Kingdom of Denmark.*

As the Issuer is not resident in Denmark, payments of interest or principal on the Notes will not be subject to Danish withholding tax.

As a matter of Danish domestic tax law, payments of interest or principal made by a Danish borrower to a creditor under a loan are, as a rule, not subject to any Danish withholding tax.

However, interest payments and certain principal payments made by a Danish borrower pursuant to an intra-group loan to an affiliated foreign company (as defined in Section 3B of the Danish Tax Control Act of 24 November 2005, as amended) are subject to a Danish withholding tax of 25 per cent., unless it falls under at least one of the following categories under Danish tax law:

- the affiliated foreign creditor has a permanent establishment in Denmark to which such interest income is attributed;
- withholding tax must be waived or reduced under the Interest/Royalty Directive (2003/49/EU), provided that the Danish borrower and the foreign creditor are associated as defined under this Directive for a consecutive period of a minimum of one year, during which the interest payments are effected;
- withholding tax must be waived or reduced under a tax treaty to which Denmark is a party;
- the affiliated foreign creditor is directly or indirectly controlled by a Danish parent company as defined in section 31 C of the Danish Company Taxation Act for a consecutive period of minimum one year, during which the interest payments are effected;
- the affiliated foreign creditor is controlled by an entity resident in a country that has concluded a tax treaty with Denmark, provided that such entity is subject to CFC taxation on the interest payments pursuant to the CFC taxation rules of that country; or
- the affiliated foreign creditor can demonstrate that the foreign taxation of the interest payments corresponds to at least  $\frac{3}{4}$  of the Danish corporate tax rate and it does not forward payments of interest to another foreign company which is taxed on such interest payments at a rate of less than  $\frac{3}{4}$  of the Danish corporate tax rate.

Payments may be subject to Danish withholding tax irrespective of the above if the beneficiary of the payments is not the beneficial owner (e.g. if the beneficiary of the payments reassigns the payments to a person or entity resident in a jurisdiction other than Denmark).

### **Republic of Austria**

The following summary is based on Austrian tax laws as currently in force and as applied on the date of this Base Prospectus. The following summary reflects the Issuer's understanding of certain aspects of Austrian tax laws in connection with the acquisition, ownership and disposition of the Notes. It is of rather general nature and included herein solely for information purposes. It is not intended to be, nor should it be construed to be, legal or tax advice.

*Prospective purchasers of Notes are advised to consult their own tax advisers as to the tax consequences of the purchase, ownership and disposition of Notes, including the effect of any taxation under the laws of the Republic of Austria.*

#### *Residents*

Individuals having a domicile or their habitual abode in Austria or corporations having their corporate seat or their place of effective management in Austria are considered residents for Austrian income and corporate income tax law purposes, respectively.

Notes held as private assets by tax residents who are individuals

Generally, income derived from the Notes in the form of either

- (i) fixed or floating interest payments (*Zinserträge*) or
- (ii) realized capital gains (*Einkünfte aus realisierten Wertsteigerungen*)

qualifies as investment income (*Einkünfte aus Kapitalvermögen*) and, as such, is taxed at a flat rate of 25 per cent., irrespective of whether the Notes are held as business or non-business assets and irrespective of whether the profits have been realized within a particular holding period.

Realized capital gains are the difference (surplus) between (a) the proceeds of sale or redemption of the Notes (i.e. their selling/redemption price), including any other pay-off amount, and the (b) acquisition costs of the Notes (i.e. their purchase price). This also includes the difference between the proceeds of sale or redemption and the acquisition costs in case of zero coupon bonds. In case of a deemed realization (see below), the fair market value of the Notes is used as reference for the calculation of the tax.

For Notes held as private assets, the acquisition costs do not include ancillary acquisition costs (*Anschaffungsnebenkosten*). If Notes with the same securities identification number are acquired at different

points in time but held in the same securities account, an average price is determined regarding. Expenses and costs (*Aufwendungen und Ausgaben*) that are directly connected with investment income are not tax effective.

Realised capital gains are not only taxed upon an actual disposition or redemption of the Notes, but also upon a deemed realization, particularly upon giving up Austrian tax residency (*i.e.*, move abroad) or upon withdrawals (*Entnahmen*) and other transfers of Notes from one securities account to another one. Exemptions may apply in those instances, regarding the loss of the residency status if the investor moves to an EU Member State and regarding withdrawals and other transfers from a securities account if an information procedure is fulfilled.

If a custodian bank located in Austria (*inländische depotführende Stelle*, also referred to as securities account keeping bank) or a paying office located in Austria (*inländische auszahlende Stelle*) is involved in the payment of investment income (interest payments or realized capital gains), the tax of 25 per cent. will be deducted by such securities account keeping bank or paying office (*Kapitalertragsteuer*, Capital Yield Tax or “CYT”). A paying office may be any organizational entity of a bank which is capable to credit amounts of money to cash accounts of clients or to pay in cash. In most cases the paying office will be the bank with which the investor maintains his or her securities account. It is not the Principal Paying Agent or other paying agent. This tax is in principle final, which means that no further taxation will be levied on such interest payments or realized capital gains and that they do not have to be declared in the tax returns of the taxpayer (in particular, a personal tax rate exceeding 25 per cent. would not apply). Certain exceptions may apply (*e.g.*, for investors whose regular personal income tax rate is lower than 25 per cent.). If no CYT is deducted (*e.g.*, because the Notes are held with a securities account keeping bank not located in Austria), any investment income arising from the Notes generally has to be included in the income tax return.

In case the taxpayer applies for regular taxation (*Regelbesteuerungsoption* – which he or she might do in case his personal tax rate is below 25 per cent.) or for the set-off of losses (*Verlustausgleichsoption*), taxation is not final. The option for regular taxation may be exercised independently from the option for the setting-off of losses (which allows only for a limited set-off of losses, excluding, *inter alia*, interest income from bank deposits and other claims against banks) by filing a respective request to the tax office. It leads to an assessment for income tax and to the application of the regular, progressive income tax rate (currently amounting to a maximum of 50 per cent. for taxable income exceeding EUR 60.000 per year) on all taxable income. Certain mandatory loss-offsetting rules to be handled by Austrian custodian banks apply. A carry-forward of losses is not possible in this context.

#### Notes held as business assets by tax residents who are individuals

Generally, the same rules as described in the previous heading are applicable to Notes being held as business assets by Austrian tax residents who are individuals. However, certain differences exist. The most important differences are the following:

- Realized capital gains from Notes being held as business assets by individuals, contrary to CYT withheld on interest payments (final taxation), in addition have to be included in the investor’s tax return. Still, the special tax rate of 25 per cent. in principle applies as well.
- Write-downs and realized losses regarding Notes being held as business assets by individuals may be set-off against positive income from realized capital gains that are investment income in the first place; 50 per cent. of the remaining losses may be set-off or carried forward against any other income.
- The acquisition costs of Notes held as business assets may also include ancillary costs incurred upon the acquisition.

Expenses and costs (*Aufwendungen und Ausgaben*) directly connected with investment income are also not tax effective in case the Notes are held as business assets.

#### Notes held as business assets by tax residents which are corporations

Corporate investors deriving business income from the Notes may avoid deduction of CYT by filing a statement of exemption with the securities account keeping bank (or the paying office) and with the competent Austrian tax office that the payment received forms part of the business income of a commercial enterprise subject to taxation in Austria (*Befreiungserklärung*).

Income derived from the Notes by corporate investors (including any capital gains) is subject to corporate income tax at the general corporate income tax rate of 25 per cent.

A special tax regime applies for private foundations (*Privatstiftungen*) which, in relation to the Notes, is similar to the tax treatment of investment income derived from private assets of individuals.

#### *Non-residents*

Non-resident investors who are resident individuals of an EU Member States have to consider the EU Savings Tax Directive regarding particular withholding tax rules (See also “— European Union Savings Tax Directive”).

Investment income, including any realized capital gains, derived from the Notes by individuals who have neither a domicile nor their habitual abode in Austria or corporate investors who have neither their corporate seat nor their place of effective management in Austria (“non-residents” for purposes of taxation in the Republic of Austria) is not taxable in Austria provided the income is not attributable to a permanent establishment in Austria.

A non-resident investor receiving income from the Notes via a securities account keeping bank or paying office located in Austria may avoid CYT being deducted by demonstrating to the securities account keeping bank (or the paying office) that it qualifies as non-resident for tax purposes. Corroborating evidence must be supplied. In case CYT is de-ducted, a non-resident investor may apply for a refund.

If non-residents receive income from the Notes through an Austrian permanent establishment, they are to a large extent subject to the same tax treatment as resident investors.

#### **Republic of Italy**

The following summary is based on the laws and/or practice in force as at the date of this Base Prospectus and is subject to any changes in law and/or practice occurring after such date, which changes could be made on a retroactive basis. This summary will not be updated to reflect changes in law and/or practice and, if any such change occurs, the information in this summary could be superseded. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules.

*Prospective purchasers of the Notes are advised to consult their own tax advisers concerning the overall tax consequences of their ownership of the Notes.*

#### *Tax Treatment of the Notes Qualifying as Bonds or Securities Similar to Bonds*

Legislative Decree No. 239 of 1st April, 1996, as subsequently amended (“Decree 239”), provides for the tax treatment applicable to interest, premium and other income (including the difference between the redemption amount and the issue price; such interest, premium and other income collectively referred to as the “Notes Income”) arising from notes falling within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*), including those issued by banks residing outside of Italy, such as the Notes, provided that such securities are deposited with banks, qualified financial intermediaries (SIMs), fiduciary companies, asset management companies (SGRs), stockbrokers or the other entities identified with a decree of the Ministry of Finance (each an “Intermediary”). An Intermediary must (i) be resident in Italy, or be the Italian permanent establishment of a non-Italian resident financial intermediary, and (ii) intervene, in any way, in the collection of interest accrued on, or in the transfer of, the Notes. For the purpose of the application of Decree 239, a transfer of the Notes includes any assignment or transfer, made either with or without consideration, which results in a change of the ownership of the relevant Notes or in a change of the Intermediary with which the Notes are deposited.

#### *Italian Resident Noteholders*

Pursuant to Decree 239, a withholding tax, referred to as “*imposta sostitutiva*”, currently levied at a rate of 20 per cent. on Notes Income accrued as of 1st January, 2012 (for Notes Income accrued as of 31st December, 2011 the *imposta sostitutiva* was levied at either 12.5 per cent. or at 27 per cent. depending on the term of the Notes), applies on Notes income cashed or deemed to be cashed upon disposal for a consideration of the Notes by (i) an Italian individual not engaged in an entrepreneurial activity to which the Notes are connected (unless the individual has opted to entrust the management of his financial assets,

including the Notes, with an Italian authorised financial intermediary and has opted for the *risparmio gestito* regime – see under Capital Gains Tax, regime del *risparmio gestito*), (ii) an Italian non-commercial partnership, (iii) an Italian non-commercial private or public institution, or (iv) an Italian investor exempt from Italian corporate income tax.

In case the Noteholders falling under (i) to (iii), above are engaged in an entrepreneurial activity to which the Notes are connected, the Notes Income is currently included in their overall year-end taxable income on an accrual basis and taxed at progressive rates of personal income tax (IRPEF) with respect to individuals doing business either directly or through a partnership (currently, the marginal rate equals 43 per cent. and additional local surcharges of up to 3.13 per cent. for years 2011 and 2012) also apply depending on the Holders' region and municipality of residence; an additional surcharge, the so-called "solidarity tax", currently applies at a 3 per cent. rate on any income exceeding Euro 300,000 for the 2011-2013 tax periods, although the government is already empowered to extend its application to future years, such "solidarity tax" is deductible from taxable income) or corporate income tax (IRES) with respect to private and public institutions, currently levied at a rate of 27.5 per cent. (IRES rate may be increased from 27.5 per cent. up to 38 per cent. depending on the status of the Noteholders).

Where an Italian resident Noteholder is a company or similar commercial entity (or a permanent establishment in Italy of a foreign enterprise, to which the Notes are effectively connected) and the Notes are deposited with an intermediary, the Notes income would not be subject to the *imposta sostitutiva*, but currently included in the Noteholder's overall year-end income as accrued and is therefore subject to IRES. In addition, in certain circumstances, depending on the "status" of the Noteholder (i.e. generally in the case of banks or financial institutions) the Notes Income is subject to a regional income tax (IRAP), generally levied at a rate which may vary between 3.9 per cent. and 6.9 per cent., depending on the Noteholder's actual "status" and region of residence.

If the Noteholder is an Italian pension fund subject to the regime provided under Legislative Decree No. 252 of 5 December 2005, and the Notes are deposited with an Intermediary, the Notes Income would not be subject to the *imposta sostitutiva* but currently included in the annual net accrued results of such pension fund, which are subject to a substitute tax 11 per cent.

The *imposta sostitutiva* is withheld by the Intermediary intervening in the collection of the Notes Income. To the extent that the Notes are deposited in a timely manner, directly or indirectly, with an Intermediary, the Notes Income received by (i) Italian resident real estate investment funds established pursuant to Article 37 of Legislative Decree No. 58 of 25th January, 1998, or (ii) pursuant to Law Decree No. 225 of 29th December, 2010, an Italian resident open-ended or closed-ended investment fund, or a SICAV, is not subject to any withholding or substitute tax at the level of the fund.

#### *Holder's Resident Outside of Italy*

No Italian tax is applicable to payments of Notes Income made to a non- Italian resident Noteholder that does not have a permanent establishment in Italy through which the Notes are held, provided that such Noteholder makes a statement to that effect, if and when required according to the applicable Italian tax regulations.

#### *Early Redemption*

Without prejudice to the above-described regime, with respect to Notes issued until 31st December, 2011 and having an original maturity exceeding 18 months, in case such Notes are subject to an early redemption within 18 months from their issue date, an additional tax at a rate of 20 per cent. will be due in respect of Notes Income accrued thereon up to 31st December, 2011, pursuant to Article 26(3) of Presidential Decree No. 600 of 29th September, 1973, as amended from time to time, which has been abolished with effect from 1st January, 2012 by art. 2 of Law Decree no. 138 of 13th August, 2011, converted into Law no. 148 of 14th September, 2011. Where Italian withholding agents intervene in the collection of Notes Income or in the redemption of the Notes, this additional amount will be levied by such withholding agents by way of withholding. According to one interpretation of Italian tax law, the above 20 per cent. additional tax may also be due (limitedly to Interest accrued until 31st December, 2011) in the event that the Issuer purchases the Notes and subsequently cancels them prior to the aforementioned 18-month period.

#### *Tax Treatment of the Notes Qualifying as Atypical Securities*

The Notes Income relating to Notes that are not deemed to fall within the category of bonds (*obbligazioni*) or debentures similar to bonds (*titoli similari alle obbligazioni*) and are treated as atypical

securities for Italian tax purposes would be subject to a final withholding tax, levied at the current rate of 20 per cent. For this purpose, debentures similar to bonds are securities that incorporate an unconditional obligation to pay, at maturity, an amount not lower than their nominal value and do not embed any profit-participating feature. In this respect, the Italian tax authorities have clarified (Italian Revenue Agency Circular No. 4/E of 18 January 2006) that securities having a maturity that is not scheduled at a specific date, such as perpetual bonds, but it is linked to the maturity of the issuing company or to the liquidation thereof, if the company has been set-up with an undetermined maturity pursuant to Article 2328 (2), No. 13, of the Italian Civil Code, shall be characterised as bonds for tax purposes.

The 20 per cent. withholding tax would be levied on a provisional basis in the case of individuals engaged in an entrepreneurial activity to which the securities are connected and credited against the ordinary personal income tax due on the income relating to such securities. Such withholding tax would not apply with respect to payments made to a non-Italian resident Noteholder that does not have a permanent establishment in Italy through which the Notes are held, and to an Italian resident Noteholder, which is (i) a company or similar commercial entity (including the Italian permanent establishment of foreign entities), (ii) a commercial partnership, or (iii) a commercial private or public institution. Interest payments made to taxpayers falling under (i) to (iii), above, are currently included in their overall year-end taxable income and subject to their ordinary tax regime.

### *Capital Gains*

Capital gains realized upon any disposal, sale or redemption of the Notes is currently included in the overall taxable income of an Italian company or a similar commercial entity (including the Italian permanent establishment of foreign entities to which the Notes are connected) or Italian resident individuals engaged in an entrepreneurial activity to which the Notes are connected. As such, they would be subject to corporate or personal income tax, as the case may be, at the rates illustrated above. In addition, in certain circumstances, depending on the “status” of the Noteholder, they may also be subject to IRAP.

Capital gains arising from the disposal, sale or redemption of the Notes realized by an Italian resident Noteholder who is an individual not engaged in an entrepreneurial activity to which the Notes are connected, are subject to a capital gains tax (*imposta sostitutiva*), currently levied at the rate of 20 per cent., pursuant to one of the following regimes:

- (i) under the tax return regime (*regime della dichiarazione*), the capital gains tax is chargeable, on a cumulative basis, on all capital gains net of any incurred capital loss realized by any such taxpayer on the disposal, sale or redemption of the Notes occurring in any given tax year. Such gain, net of any relevant incurred capital loss, must be reported in the year-end tax return and the tax must be paid on the capital gain together with any income tax due for the relevant tax year. Capital losses in excess of capital gains may be carried forward against capital gains realized in any of the four succeeding tax years. This regime automatically applies if the Noteholders do not expressly opt for one of the following regimes. Carried forward capital losses in excess of capital gains realised prior to 1st January, 2012 may be used against capital gains realised in any of the four succeeding tax years limited to 62.5 per cent. of their amount; or
- (ii) under the non-discretionary portfolio regime (*regime del risparmio amministrato*), such taxpayer may elect to pay the tax separately on capital gains realised on each sale or redemption of the Notes. This separate taxation of capital gains is allowed subject to (x) the Notes being deposited with an authorised Intermediary and (y) the taxpayer making a timely election in writing for the regime *del risparmio amministrato*, addressed to any such Intermediary. The Intermediary is then responsible for accounting for the tax in respect of capital gains realized on each disposal, sale or redemption of the Notes (as well as in respect of capital gains realized upon the revocation of its mandate), net of any incurred capital loss, withholding and remitting to the Treasury the tax due. Losses may be deducted from capital gains subsequently realized within the same securities portfolio in the same tax period. Losses in excess can be carried forward in the following years up to the fourth. Capital losses realised prior to 1st January, 2012 may be carried forward against capital gains realised after such date in relation to such deposit, in accordance with the same conditions mentioned above, limited to 62.5 per cent. of their amount. Under the regime *del risparmio amministrato*, the Noteholder is not required to report the capital gains in his annual tax return; or

- (iii) under the discretionary portfolio regime (*regime del risparmio gestito*), eligible when the Notes are included in a portfolio discretionarily managed by an authorised intermediary, the 20 per cent. tax is paid on the increase in value of the investment portfolio accrued as of 1st January, 2012 (including the gains realised on the disposal, sale or redemption of the Notes). The tax is paid by the authorised Intermediary. Any decrease in value of the investment portfolio accrued at year-end may be carried forward and netted against the increase in value accrued in any of the four succeeding tax years. Any decrease in value of the managed assets accrued until 31st December, 2011 may be carried forward against increase in value of the managed assets accrued after such date limited to 62.5 per cent. of their amount. Under such regime, the Noteholder is not required to report the gains realised in his year-end tax return.

Capital gains realized by Italian-resident pension funds, certain Italian investment funds and real estate funds from the disposal, sale or redemption of the Notes are subject to the same tax regime described above under section “Interest Income.”

Capital gains realized by non-Italian resident Noteholders (which do not maintain a permanent establishment in Italy to which the Notes are effectively connected) from the sale or redemption of the Notes are not subject to Italian taxation, provided that the Notes (i) are held outside Italy or (ii) are traded on a regulated market (*e.g.*, the Luxembourg Stock Exchange’s regulated market).

In order to benefit from the above exemption from Italian taxation on capital gains, non-Italian resident Noteholders (which do not maintain a permanent establishment in Italy to which the Notes are effectively connected) who hold the Notes in Italy through an Italian authorised financial intermediary and elect to be subject to the *regime del risparmio gestito* or are subject to the so-called *risparmio amministrato* regime according to Article 6 of the Italian Legislative Decree No. 461 of 21st November, 1997, as amended, may be required to provide in due time to the Italian authorised financial intermediary an appropriate self-declaration that they are not resident in Italy for tax purposes.

#### *Italian Inheritance and gift Tax*

Pursuant to Law Decree No. 262 of 3rd October, 2006, as converted in law, with amendments, pursuant to Law No. 286 of 24th November 2006, a transfer of the Notes by reason of death or gift is subject to an inheritance and gift tax levied on the value of the inheritance or gift, as follows:

- transfers to a spouse or direct descendants or ancestors up to Euro 1,000,000 to each beneficiary are exempt from inheritance and gift tax. Transfers in excess of such threshold will be taxed at a 4 per cent. rate on the value of the Notes exceeding such threshold;
- transfers between relatives up to the fourth degree other than siblings, and direct or indirect relatives by affinity up to the third degree are taxed at a rate of 6 per cent. on the value of the Notes (where transfers between siblings up to a maximum value of Euro 100,000 for each beneficiary are exempt from inheritance and gift tax); and
- transfers by reason of gift or death of Notes to persons other than those described above will be taxed at a rate of 8 per cent. on the value of the Notes.

If the beneficiary of any such transfer is a disabled individual, whose handicap is recognised pursuant to Law No. 104 of 5th February, 1992, the tax is applied only on the value of the assets (including the Notes) received in excess of Euro 1,500,000 at the rates illustrated above, depending on the type of relationship existing between the deceased or donor and the beneficiary.

#### *Stamp Duty on the Notes*

Pursuant to Article 13(2-ter) of the Tariff attached to Presidential Decree No. 642 of 26th October, 1972 (as amended from time to time), regulating the Italian stamp duty, a proportional stamp duty applies on the periodic reporting communications sent by financial intermediaries to their clients (with the exception of pension funds and health funds) with respect to any financial instruments (including bonds, such as the Notes) deposited therewith.

Such stamp duty is generally levied by the relevant financial intermediary, and computed on the fair market value of the financial instruments or, in case the fair market value cannot be determined, on their face or redemption values at the following rates: (i) 0.1 per cent. for 2012, with a cap of Euro 1,200 just for that year, and (ii) 0.15 per cent. as of 2013, with a cap of Euro 4,500 for corporate Noteholders only. The

stamp duty is levied on an annual basis and cannot be lower than Euro 34.20. In case of reporting periods of less than 12 months, the stamp duty is pro-rated.

Moreover, pursuant to Article 19(18-23) of Law Decree No. 201 of 6th December, 2011, as subsequently amended, a similar duty applies, as of 2012, on the fair market value determined at the end of each year (or, in case the fair market value cannot be determined, on their face or redemption values) of any financial asset (including bonds such as the Notes) held abroad by Italian resident individuals. Such duty will apply at the following rates: (i) 0.1 per cent. for 2012, and (ii) 0.15 per cent. as of 2013. A tax credit is granted for any foreign property tax levied abroad on such financial assets.

Prospective investors are urged to consult their own tax advisors as to the tax consequences of the application of these new duties on their investment in Notes.

### **European Union Savings Tax Directive**

Under the Savings Tax Directive, each EU Member State must require paying agents (within the meaning of such directive) established within its territory to provide to the competent authority of the state details of the payment of interest made to any individual resident in another EU Member State as the beneficial owner of the interest. The competent authority of the EU Member State of the paying agent is then required to communicate this information to the competent authority of the EU Member State of which the beneficial owner of the interest is a resident.

For a transitional period, Austria, Belgium and Luxembourg may instead opt to withhold tax from interest payments within the meaning of the Savings Tax Directive at a rate of 35 per cent. from July 1, 2011. Since January 1, 2010, Belgium has applied the information procedure described above.

Conforming with the prerequisites for the application of the Savings Tax Directive, a number of non-EU countries and territories, including Switzerland and Liechtenstein, agreed to apply measures equivalent to those contained in such directive (a withholding system in Switzerland's case).

### **European Union Financial Transaction Tax**

In September 2011, the European Commission tabled a proposal for a common system of financial transactions taxes ("EU Financial Transaction Tax"). Despite intense discussions on this proposal there was no unanimity amongst the 27 Member States. Certain Member States ("Participating Member States") requested enhanced cooperation on a EU Financial Transaction Tax based upon the European Commission's original proposal. The European Commission presented a decision to this effect and this decision was adopted by the EU's Council of Finance Ministers at its committee meeting on 22nd January, 2013. The proposal for a Directive was published on 14th February, 2013, under which Participating Member States may charge a EU Financial Transaction Tax on all financial transactions with effect from 1st January, 2014 where (i) at least one party to the transaction is established in the territory of a Participating Member State and (ii) a financial institution established in the territory of a Participating Member State is a party to the transaction acting either for its own account or for the account of another person, or is acting in the name of a party to the transaction. Whilst primary market transactions are exempt from the scope of the proposed Directive, the Directive proposals in general are broad and as such may impact secondary market transactions completed by financial institutions operating in non-Participating Member States. Notwithstanding that the proposed Directive does not provide for the Noteholder to be subject to financial transaction tax as implemented under the laws of a Participating Member State, it cannot be ruled out that an emerging tax burden would be commercially passed on to the respective Noteholder. It is currently unclear whether the proposed Directive will eventually be adopted and whether the required implementation acts by the Participating Member States will enter into force as of 1st January, 2014 or later.

### **Withholding of Taxes at the Source**

The Issuer assumes no responsibility for the withholding of taxes imposed or levied by or on behalf of the Federal Republic of Germany or any jurisdiction in which Notes are offered or in which admission to trading is being sought.

## BOOK-ENTRY CLEARING SYSTEMS

*The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of the clearing systems currently in effect. The information in this section concerning the clearing systems has been obtained from sources that the Issuer believes to be reliable but neither the Issuer nor any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the clearing systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant clearing system. None of the Issuer, the Principal Paying Agent, the VP Agent, the VPS Agent nor any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Notes held through the facilities of any clearing system or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.*

### Book-Entry Systems

#### DTC

DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for securities that its participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation, and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others, such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). The DTC Rules applicable to its Participants are on file with the U.S. Securities and Exchange Commission. The foregoing information about DTC has been accurately reproduced and, as far as the Issuer is aware and is able to ascertain from information published by DTC, no facts have been omitted which would render the reproduced information inaccurate or misleading. The foregoing information about DTC was derived from, and additional information about DTC can be found, at [www.dtcc.com](http://www.dtcc.com) and [www.dtc.org](http://www.dtc.org).

Purchases of Notes under the DTC system (“DTC Notes”) must be made by or through Direct Participants, which will receive a credit for the DTC Notes on DTC’s records. The ownership interest of each actual purchaser of each Note (“Beneficial Owner”) is in turn to be recorded on the Direct Participants’ and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the DTC Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in DTC Notes, except in the event that use of the book-entry system for the DTC Notes is discontinued.

To facilitate subsequent transfers, all DTC Notes deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of DTC Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the DTC Notes; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct Participants and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial

Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the DTC Notes within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to DTC Notes unless authorised by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts DTC Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

To the extent applicable, redemption proceeds on the DTC Notes will be made to Cede & Co., or such other nominee as may be requested by an authorised representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from Issuer or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds to Cede & Co. (or such other nominee as may be requested by an authorised representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

The Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

Under certain circumstances, DTC will exchange the DTC Notes for Definitive Registered Notes, which it will distribute to its participants in accordance with their proportionate entitlements and which, if representing interests in a Rule 144A Global Note, will be legended as set forth under "Notice to Purchasers and Holders of Rule 144A Notes and Transfer Restrictions".

Because DTC may only act on behalf of Direct Participants, who in turn act on behalf of Indirect Participants, any Beneficial Owner desiring to pledge the DTC Notes to persons or entities that do not participate in DTC, or otherwise take actions with respect to the DTC Notes, will be required to withdraw its Registered Notes from DTC as described below.

#### *Euroclear and Clearstream, Luxembourg*

Euroclear and Clearstream, Luxembourg each holds securities for its customers and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Euroclear and Clearstream, Luxembourg provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear and Clearstream, Luxembourg customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

#### *Book-entry Ownership of and Payments in respect of DTC Notes*

The Issuer may apply to DTC in order to have any Tranche of Notes represented by a Registered Global Note accepted in its book-entry settlement system. Upon the issue of any such Registered Global Note, DTC or its custodian will credit, on its internal book-entry system, the respective nominal amounts of the individual beneficial interests represented by such Registered Global Note to the accounts of persons who have accounts with DTC. Such accounts initially will be designated by or on behalf of the relevant

Dealer. Ownership of beneficial interests in such a Registered Global Note will be limited to Direct Participants or Indirect Participants, including, in the case of any Regulation S Global Note, the respective depositaries of Euroclear and Clearstream, Luxembourg. Ownership of beneficial interests in a Registered Global Note accepted by DTC will be shown on, and the transfer of such ownership will be effected only through, records maintained by DTC or its nominee (with respect to the interests of Direct Participants) and the records of Direct Participants (with respect to interests of Indirect Participants).

Payments in U.S. dollars of principal, interest and any other amount in respect of a Registered Global Note accepted by DTC will be made to the order of DTC or its nominee as the registered holder of such Note. In the case of any payment in a currency other than U.S. dollars, payment will be made to the Exchange Agent on behalf of DTC or its nominee and the Exchange Agent will (in accordance with instructions received by it) remit all or a portion of such payment for credit directly to the beneficial holders of interests in the Registered Global Note in the currency in which such payment was made and/or cause all or a portion of such payment to be converted into U.S. dollars and credited to the applicable Participants' account.

The Issuer expects DTC to credit accounts of Direct Participants on the applicable payment date in accordance with their respective holdings as shown in the records of DTC unless DTC has reason to believe that it will not receive payment on such payment date. The Issuer also expects that payments by participants to beneficial owners of Notes will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers, and will be the responsibility of such participant and not the responsibility of DTC, the Principal Paying Agent, the Registrar or the Issuer. Payment of principal, interest and any other amount on Notes to DTC is the responsibility of the Issuer.

#### *Transfers of Notes Represented by Registered Global Notes*

Transfers of any interests in Notes represented by a Registered Global Note within DTC, Euroclear and Clearstream, Luxembourg will be effected in accordance with the customary rules and operating procedures of the relevant clearing system. The laws in some States within the United States require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Notes represented by a Registered Global Note to such persons may depend upon the ability to exchange such Notes for Notes in definitive form. Similarly, because DTC can only act on behalf of Direct Participants in the DTC system who in turn act on behalf of Indirect Participants, the ability of a person having an interest in Notes represented by a Registered Global Note accepted by DTC to pledge such Notes to persons or entities that do not participate in the DTC system or otherwise to take action in respect of such Notes may depend upon the ability to exchange such Notes for Notes in definitive form. The ability of any holder of Notes represented by a Registered Global Note accepted by DTC to resell, pledge or otherwise transfer such Notes may be impaired if the proposed transferee of such Notes is not eligible to hold such Notes through a Direct Participant or an Indirect Participant in the DTC system.

Subject to compliance with the transfer restrictions applicable to the Registered Notes described under "Subscription and Sale", cross-market transfers between DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg or Euroclear accountholders, on the other, will be effected by the relevant clearing system in accordance with its rules and through action taken by the Registrar, the Principal Paying Agent and any custodian with whom the relevant Registered Global Notes have been deposited (the "Custodian").

On or after the Issue Date for any Series, transfers of Notes of such Series between accountholders in Clearstream, Luxembourg and Euroclear and transfers of Notes of such Series between participants in DTC will generally have a settlement date three business days after the trade date (T+3). The customary arrangements for delivery versus payment will apply to such transfers.

Cross-market transfers between accountholders in Clearstream, Luxembourg or Euroclear and DTC participants will need to have an agreed settlement date between the parties to such transfer. Because there is no direct link between DTC, on the one hand, and Clearstream, Luxembourg and Euroclear, on the other, transfers of interests in the relevant Registered Global Notes will be effected through the Registrar, the Principal Paying Agent and the Custodian receiving instructions (and, where appropriate, certification) from the transferor and arranging for delivery of the interests being transferred to the credit of the designated account for the transferee. In the case of cross-market transfers, settlement between Euroclear or Clearstream, Luxembourg accountholders and DTC participants cannot be made on a delivery versus payment basis. The securities will be delivered on a free delivery basis and arrangements for payment must be made separately.

DTC, Clearstream, Luxembourg and Euroclear have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Notes among participants and accountholders of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Issuer the Agents or any Dealer will be responsible for any performance by DTC, Clearstream, Luxembourg or Euroclear or their respective Direct Participant or Indirect Participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payment made on account of beneficial interests in the Notes represented by Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial interests.

#### *VPS*

The Norwegian Central Securities Depository (*Verdipapirsentralen ASA*) is a Norwegian public limited liability company which in 2003 was granted a license to conduct the business of registering financial instruments in Norway in accordance with the Norwegian Securities Register Act of 5th July, 2002 no. 64 (the “Securities Register Act”). The Securities Register Act requires that, among other things, all notes and bonds issued in Norway shall be registered in VPS (the “VPS Securities”), except notes and bonds issued by Norwegian issuers outside Norway and (i) denominated in Norwegian Kroner with subscription limited to non-Norwegians and (ii) issued outside Norway in a currency other than Norwegian Kroner.

VPS is a paperless securities registry and registration of ownership, transfer and other rights to financial instruments are evidenced by book entries in the registry. Any issuer of VPS Securities will be required to have an account (issuer’s account) where all the VPS Securities are registered in the name of the holder and each holder is required to have her/his own account (investor’s account) showing such person’s holding of VPS Securities at any time. Both the issuer and the VPS Noteholder will, for the purposes of registration in VPS, have to appoint an account operator which will normally be a Norwegian bank or Norwegian investment firm.

Settlement of sale and purchase transactions in respect of VPS Notes and the transfer of interests in VPS Notes will take place in accordance with the procedures applicable to and/or issued by VPS.

It is possible to register a holding of VPS Securities through a nominee.

#### **Ownership of Beneficial Interests in any Rule 144A Global Note or Regulation S Global Note**

Ownership of beneficial interests in any Rule 144A Global Note or Regulation S Global Note will be limited to persons that have accounts with DTC or its nominee, Euroclear or Clearstream, Luxembourg (“Participants”) or persons that may hold interests through Participants. Individual certificates will not be issued except in the limited circumstances set out in the global notes. Ownership of beneficial interests in the Global Notes will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC, Euroclear and Clearstream, Luxembourg (with respect to interests of Participants) and other direct and indirect Participants (with respect to interests of persons other than Participants). Owners of beneficial interests in the Global Note (other than Participants) will not receive written confirmation from DTC, Euroclear or Clearstream, Luxembourg of their purchases. Each beneficial owner is entitled to receive upon request written confirmation providing details of the transaction as well as periodic statements of its holdings from DTC, Euroclear or Clearstream, Luxembourg as the case may be (if such beneficial owner is a Participant) or such other direct or indirect participant through which such beneficial owner entered into the transaction (if such beneficial owner is not a Participant). The laws of some States of the

United States require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to own, transfer or pledge beneficial interests in the Rule 144A Global Note.

### **Payments of Interest and Payments at Maturity**

Any payment of principal or interest due on any interest payment date or at maturity will be made available by the Issuer to any Paying and Transfer Agent on or before that date on which the holder of a Registered Note could claim the relevant payment. On the respective payment date, any Paying and Transfer Agent will make such payments to DTC or its nominee and/or Euroclear and/or Clearstream, Luxembourg, as the case may be, in accordance with arrangements between any Paying and Transfer Agent and DTC or its nominee, Euroclear and Clearstream, Luxembourg. DTC or its nominee, Euroclear and Clearstream, Luxembourg, upon receipt of any payment of principal or interest, will credit their Participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the global notes as shown on their records, and such payments will be the responsibility of such clearing systems. Payments by Participants to owners of beneficial interests in the global notes held through such Participants will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such participants.

### **Arrangements for Initial Settlement and Trading**

Initial settlement for the Notes will be made in immediately available funds (i.e., for value on the date of delivery of the Notes). Investors electing to hold their Notes through DTC will follow the settlement practices applicable to U.S. corporate debt obligations. The securities custody accounts of investors will be credited with their holdings on the settlement date against payment in same-day funds within DTC. Investors electing to hold their Notes through Euroclear or Clearstream, Luxembourg accounts will follow the settlement procedures applicable to conventional eurobonds.

#### *Trading between Euroclear and/or Clearstream, Luxembourg Accountholders*

## **NOTICE TO PURCHASERS AND HOLDERS OF RULE 144A NOTES AND TRANSFER RESTRICTIONS**

The Notes have not been and will not be registered under the U.S. Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the U.S. Securities Act. Notes issued under the Programme may, in certain cases, be offered and sold in the United States to QIB in reliance on Rule 144A under the U.S. Securities Act. The applicable Final Terms relating to such an issue (a “Rule 144A Issue”) will state that the issue (or a portion thereof) is a Rule 144A Issue.

In relation to Rule 144A Issues the following provisions will apply. Where these provisions are inconsistent with provisions contained elsewhere in this Base Prospectus, these provisions will prevail. The applicable Final Terms may set forth provisions which differ in certain respects from those set forth below. Because of the following provisions, purchasers of Notes offered in the United States in reliance on Rule 144A are advised to consult legal counsel prior to making any offer, resale, pledge or transfer of such Notes.

### **Initial Issue of the Notes**

The Notes in registered form offered and sold pursuant to Rule 144A will initially be represented by a Rule 144A Global Note registered in the name of a nominee for DTC and the Notes in registered form offered and sold pursuant to Regulation S will initially be represented by a Regulation S Global Note. The Rule 144A Global Note will be deposited with a custodian for DTC as note depository. Any Regulation S Global Note will be deposited with a custodian for Euroclear and/or Clearstream, Luxembourg as note depository. Beneficial interests in any global note will be represented through accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC and/or Euroclear and/or Clearstream, Luxembourg. If an issuance of Notes includes a Rule 144A Issue, all such Notes will be required to be in registered form, represented initially by a Rule 144A Global Note (or, if applicable, by a Regulation S Global Note).

Upon the issuance of a global note, the Issuer expects that each of DTC or its nominee and/or Euroclear and/or Clearstream, Luxembourg will credit on its book-entry registration and transfer system the respective principal amounts of the Notes represented by the global note to the accounts of persons that have accounts with them. The accounts to be credited shall be designated by the relevant dealer(s).

### **Transfer Restrictions**

Distribution of this Base Prospectus, or disclosure of any of its contents, to any person other than such offeree and those persons, if any, retained to advise such offeree with respect thereto, and other persons meeting the requirements of Rule 144A or Regulation S is unauthorised, and any disclosure of its contents, without the prior written consent of the Issuer, is prohibited; and
- (B) It agrees to make no photocopies of this Base Prospectus or any documents referred to herein.

Each purchaser of an interest in Registered Notes will be deemed to have represented and agreed that (terms used in this paragraph that are defined in Rule 144A or in Regulation S are used herein as defined therein):

- (B) It understands that such Notes are being offered only in a transaction not involving any public offering in the United States within the meaning of the U.S. Securities Act, that such Notes have

It also understands that the purchaser will, and each subsequent holder is required to, notify any subsequent purchaser of the Notes from it of the resale restrictions referred to in this section (B).

- (C) It understands that such Notes (and Rule 144A Global Notes evidencing the Notes and each certificate issued in exchange for a beneficial interest in a Rule 144A Global Note), unless otherwise determined by the Issuer in accordance with applicable law, will bear a legend to the following effect:

OR IN PRACTICES RELATING TO REALES OR OTHER TRANSFERS OF RESTRICTED SECURITIES GENERALLY. THE HOLDER OF THE NOTES REPRESENTED BY THIS GLOBAL NOTE OR OF ANY BENEFICIAL INTEREST OR PARTICIPATION THEREIN SHALL BE DEEMED, BY ITS ACCEPTANCE OR PURCHASE THEREOF, TO HAVE AGREED TO ANY SUCH AMENDMENT OR SUPPLEMENT (EACH OF WHICH SHALL BE CONCLUSIVE AND BINDING ON SUCH HOLDER AND ALL FUTURE HOLDERS OF THE NOTES REPRESENTED HEREBY AND ANY SECURITIES ISSUED IN EXCHANGE OR SUBSTITUTION THEREFOR, WHETHER OR NOT ANY NOTATION THEREOF IS MADE HEREON).

If it is acquiring any Notes for the account of one or more QIB, it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgments, representations and agreements on behalf of each such account.
- (E) It understands that the Notes offered in reliance on Rule 144A will be initially represented by one or more Rule 144A Global Notes. Before any interest in a Rule 144A Global Note may be offered, sold, pledged or otherwise transferred to a person who takes delivery in the form of an interest in a Regulation S Global Note, it will be required to provide the Registrar with a written certification (in the form provided in the Agency Agreement) as to compliance with the transfer restrictions referred to above.

The Notes are being offered and sold outside the United States in reliance on Regulation S under the Securities Act and within the United States to QIB in reliance on Rule 144A. Prospective purchasers are hereby notified that sellers of the Notes may be relying on the exemption from the provisions of Section 5 of the U.S. Securities Act provided by Rule 144A.

Any representation to the contrary is a criminal offence in the United States.

**Provision of information under Rule 144A(d)(4)**

## GENERAL INFORMATION

### Authorisation

The Programme and the issue of Notes under the Programme have been duly authorised by resolutions of the Board of Managing Directors of the Issuer dated 21st March, 1994, 13th March, 1995, 6th March, 1996, 17th July, 1997, 22nd November, 1999, 26th July, 2000, 1st August, 2001, 8th January, 2002, 22nd April, 2004, 13th May, 2005, 29th June, 2006, 12th June, 2007, 11th April, 2008, 24th April, 2009, 12th April, 2010, 17th March, 2011 and 27th March, 2012. The update of the Programme was authorised by the resolution of the Board of Managing Directors of the Issuer on 8th March, 2013. All consents, approvals, authorisations or other orders of all regulatory authorities required by the Issuer under the laws of the Federal Republic of Germany and the United Kingdom have been given for the issue of Notes and for the Issuer to undertake and perform its obligations under the Programme Agreement, the Agency Agreement and the Notes.

### Ratings

The Programme and the Issuer have received the following ratings:

	<u>Short-Term Issues/ Short-Term Rating</u>	<u>Long-Term Issues/ Long-Term Rating</u>
Moody's Investors Services	(P)P-1/P-1	(P)Aaa/Aaa
Standard & Poor's	A-1+	AAA
Fitch Ratings	F1+	AAA

Short-term issues are obligations with an original maturity of less than 365 days. Long-term issues are obligations with an original maturity of one year or more.

According to Moody's Deutschland GmbH ("Moody's"), issuers (or supporting institutions) rated "Prime-1" or "P-1" have a superior ability to repay short-term debt obligations. According to Moody's Investors Services, a long-term issue rated "Aaa" is judged to be of the highest quality, with minimal credit risk. According to Moody's, Moody's will assign a provisional rating (denoted by (P) in front of the rating) when the assignment of a final rating is subject to the fulfilment of contingencies but it is highly likely that the rating will become definitive after an obligation is issued into the market. Such ratings are typically assigned to debt issuance programmes or transaction-based structures that require investor education.

According to Standard & Poor's Credit Market Services Europe Limited ("S&P"), a short-term obligation rated "A-1" is rated in the highest category by S&P, and the obligor's capacity to meet its financial commitment on the obligation is strong. Within this category, certain obligations are designated with a plus sign (+). This indicates that the obligor's capacity to meet its financial commitment on these obligations is extremely strong. According to S&P, a long-term obligation rated "AAA" has the highest rating assigned by S&P, and the obligor's capacity to meet its financial commitment on the obligation is extremely strong.

According to Fitch Ratings Limited ("Fitch"), "F1" indicates the strongest intrinsic capacity for timely payment of financial commitments. The rating may have an added "+" to denote any exceptionally strong credit feature. According to Fitch, "AAA" ratings denote the lowest expectation of default risk. They are assigned only in cases of exceptionally strong capacity for payment of financial commitments. This capacity is highly unlikely to be adversely affected by foreseeable events.

The foregoing meanings of applicable ratings by Moody's, S&P and Fitch have been accurately reproduced and, as far as the Issuer is aware and is able to ascertain from information published by Moody's, S&P and Fitch, respectively, no facts have been omitted which would render the reproduced information inaccurate or misleading.

The foregoing are ratings in respect of the Programme in general. The ratings of the Programme address the ability of the Issuer to make payments due in respect of Notes in the event that an Event of Default occurs. They do not address the probability of an Event of Default actually occurring. The ratings of the Programme may be lowered or withdrawn entirely at any time by the relevant rating agency.

The credit ratings included herein will be treated for the purposes of Regulation (EC) No 1060/2009 on credit rating agencies, as amended by Regulation (EU) No 513/2011 (the "CRA Regulation") as having been issued by S&P, Moody's and Fitch, upon registration pursuant to the CRA Regulation. Each of S&P,

Moody's and Fitch is established in the European Union and is registered under the CRA Regulation. A list of credit rating agencies registered in accordance with the CRA Regulation is published by the European Securities and Markets Authority on its website ([www.esma.europa.eu](http://www.esma.europa.eu)), which is updated within five working days following the adoption of a decision under Articles 16, 17 or 20 of the CRA Regulation.

Tranches of Notes may be rated or unrated. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the Programme's or Issuer's rating. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the Final Terms.

A credit rating is not a recommendation to buy, sell or hold Notes and may be subject to revision, suspension or withdrawal at any time by the relevant rating agency.

## Conditions for Determining Price

Notes may be issued on a fully-paid or a partly-paid basis and at an issue price which is at par or at a discount to, or premium over, par. The price and amount of Notes to be issued under the Programme will be determined by the Issuer and the relevant Dealer at the time of issue in accordance with prevailing market conditions.

## Yield

The yield for any particular Tranche of Notes will be specified in the applicable Final Terms and will be calculated on the basis of the compound annual rate of return if the relevant Notes were to be purchased at the Issue Price on the Issue Date and held to maturity. Set out below is an example formula for the purposes of calculating the yield on an annual basis of Zero Coupon Notes or Fixed Rate Notes with one coupon payment per year and no short or long interest period. The applicable Final Terms in respect of any Floating Rate Notes will not include any indication of yield.

$$\text{Issue Price} = \text{Rate of Interest} \times \frac{1 - \left( \frac{1}{(1 + \text{Yield})^n} \right)}{\text{Yield}} + \left[ \text{Final Redemption Amount} \times \frac{1}{(1 + \text{Yield})^n} \right]$$

where:

“Rate of Interest” means the Rate of Interest expressed as a percentage as specified in the applicable Final Terms (and in the case of Zero Coupon Notes, means “0”);

“Yield” means the yield to maturity calculated on a frequency commensurate with the frequency of interest payments as specified in the applicable Final Terms (and in the case of Zero Coupon Notes, means the Accrual Yield as specified in the applicable Final Terms); and

“n” means the number of years to maturity.

Set out below is a worked example illustrating how the yield in respect of any Tranche of Fixed Rate Notes could be calculated on the basis of the above formula. It is provided for purposes of illustration only and should not be taken as an indication or prediction of the yield in respect of any Tranche of Notes; it is intended merely to illustrate the way which the above formula could be applied.

where:

$$n = 6$$

$$\text{Rate of Interest} = 3.875$$

$$\text{Issue Price} = 99.392$$

$$\text{Final Redemption Amount} = 100$$

$$99.392 = 3.875 \times \frac{1 - \left( \frac{1}{(1 + \text{Yield})^6} \right)}{\text{Yield}} + \left[ 100 \times \frac{1}{(1 + \text{Yield})^6} \right]$$

$$\text{Yield} = 3.99\% \text{ (calculated by iteration)}$$

The yield specified in the applicable Final Terms in respect of a Tranche of Notes will not be an indication of future yield.
